

Reception News 12.07.19

Dear Parents and Carers

Thank you for coming along on Saturday to support us with the Summer Fair dance. We hope you enjoyed watching your child perform to Under the Sea. As you saw, they practised hard and really pulled off the dance! We were very proud of all of them! Well done!

This week the children have been relooking at all of the Maths concepts which we have covered this year. We have been very impressed with how the children are coping with jumping from one concept to another and they have really demonstrated how much they have remembered. Fantastic!

In Literacy we have been looking at the book 'Sharing a Shell'. The children have enjoyed the story and have managed to make role play masks, where they have acted out their own version. We have discussed how it is kind to share and we all agreed that the animals were much happier when they were sharing their shell and working as a team.

Our highlight of the week was going to Willows Farm! The children had great fun completing a range of activities including going on the tractor, meeting the animals, watching various shows, seeing the sheep race and going on the play equipment including a bouncy castle.

If anybody would like to look after the stick insects over the Summer holidays please let Mrs Hall know. They are very easy to keep and very well behaved! Mrs Hall will miss them very much and would like to have them back in September.

Next week:

- Mini Enterprise - details to follow
- Big Swap morning on Wednesday 17th July

Reminders:

- We will collect reading records next Thursday for the final time. These will be passed on to your child's new teacher and given out again in September.

At home:

This week at home you could ...

- Recap money and coins because your child will be spending a little bit of money at mini enterprise and will be receiving change.

We hope you have a lovely weekend

Mrs Dodds, Mrs Hall and all of the Reception Team.
