## Spotlight

### Becky Johnson, COO

Charting the LifeCourse™ Ambassador

Becky is the Chief Operations Officer for Connections Case Management, LLC. She is responsible for ensuring quality case management service delivery to each individual Connections has the privilege of serving.

#### What led you to the social services field?

I have always been passionate about serving people. I grew up witnessing my parents' work ethic and dedication to helping other people, so the easy answer is, I was born into the "field". I started in a preschool classroom and evolved from there to my current passion which is ensuring that everyone has a voice that is heard and is empowered to be the best version of themselves!

#### What is a random fact about yourself?

After childhood years spent in a barn and ten years in 4H, my favorite scent is that of fresh straw and newborn lambs on a crisp winter night. It is not the "clean cotton" fragrance of a candle but there is something about anticipation of the newborn and stillness of the flock that is peaceful and calming.

#### What do you love most about your job?

I love everything about my job! I love Connections' team; it is truly the finest group of professionals and colleagues I have ever worked with in my entire career. I love making a difference and thinking outside of the box! But most of all, I love the people we serve; often they are more direct than me (which is a feat) and frequently have a tireless will that is personally inspirational.

#### What is a favorite pastime you enjoy?

My family, friends, and faith are important to me. My family has always been my center of gravity and simultaneously kept me on my toes and hopping! My friends, and especially time with my friends outdoors, is my favorite pastime. I like to be at or in the water, in the barn or garden, playing cornhole or sitting around a fire pit.

#### Do you have pets?

We have one dog, Zoe, and four grand-dogs, it makes for a full house when everyone comes to visit!
