

Chicago's Continental Divide Trail Notes

CDT Trail Closures and Notices: continentaldividetrail.org/closures-and-notice/

General notes:

- 1) For a location's hours that are provided, days will only be inserted when a location is not open every day;
- 2) Entries without a black color font indicate an alternate route;
- 3) The mile markers provided may not reflect the actual distance between locations, especially if you take an alternate route. Please make sure you are aware of the actual distance you will be covering between locations when planning your route. The mile markers provided are based on those used by the official App of the CDT as recognized by the CDTC, FarOut;
- 4) Mail drop locations other than post offices typically do not take responsibility for packages they receive and may/may not be stored in a secured location;
- 5) USPS general delivery hold times are determined by each post office's postmaster and vary between locations. The amount of time shown could change at any time.
- 6) C-Store is defined as a convenience store which is typically attached to a gas station. Most often, these stores offer limited resupply options.
- 7) Towns may have more resupply or lodging options than are listed. The options listed tend to be those that are more frequently visited by hikers.
- 8) As a courtesy to all who aid hikers at no charge, please tip when possible, especially for rides, and be prompt when arrangements are made to show up at a specific time, e.g., pre-arranged package pickups. This is a wonderful way to show the communities along the trail that hikers deeply appreciate all that is being offered.
- 9) This is a freely distributed resource. I make no income from this project and maintain it at my own expense as a way to give back to the hiking community. I would gladly welcome any updates, suggestions, and feedback for these notes which can be emailed to me at [Chicago\[at\]CDTnotes.com](mailto:Chicago[at]CDTnotes.com).

Resupply ratings:

- A: Excellent (great options for almost all dietary needs)
B: Good (should be able to get most of what you want)
C: Acceptable (might not be everything you need but you'll have food)
D: Not great (expect to make lots of compromises)
F: None (food desert)
