# Leaving Money on the Table?

**How Poor Project Delivery Quietly Drains Profit &  
How a Strategically Planned PMO Puts It Back**

## THE CHALLENGE

Many organizations “have a PMO” but lack a *strategically mature* delivery engine. According to PMI/PwC research, **PMO maturity – not just existence – is what drives measurable business value**. Immature or operational PMOs often **fail to influence strategic decisions** and therefore leave value unrealized.
