

LEADERSHIP ARCHITECTURE SERVICES

WELCOME TO LEADERSHIP ARCHITECTURE

**Hi I'm Paul Corke, Author, Speaker, Coach
and Founder of Leadership Architecture
with over 25 years working in the corporate
at blue chip financial organisations
specialising in leadership development and
organisational effectiveness.**

Following on from our Welcome to Leadership Architecture Brochure here are our services for face to face and online facilitated services. You will have read that we focus on building leadership development strategy with you and defining leadership for your organisations. We do also understand that sometimes you will be looking for a range of training, seminar, key note or workshop services. This gives you the opportunity if not looking for a strategic partnership to pick some of our standalone services. So over the pages you will be able to explore what is available from our portfolio and we also can tailor our solutions or design bespoke leadership solutions for you. I look forward to hearing from you soon.

Paul Corke

OUR SERVICES

Leadership Architecture provide a number of training workshops, keynote talks, psychometric training and bespoke solutions to meet your needs:

Training Workshops

- **Leadership Foundation** – For new to line management leaders who require the foundational skills i.e. leadership v management, performance management, coaching, reward & recognition, teamwork etc aligned to your company processes. This takes a newly promoted leader and gives them the competence and confidence to be an effective leader in your organisation.
- **Leading through Uncertainty and Change** – For experienced leaders who require greater insight and development into how to lead in a changing world of exponential change. This workshop explores how to lead teams remotely, how to lead during volatility and change along with how to develop a strengths based approach to leading teams to ensure leaders are impactful, engaged and empowered.
- **Coaching in a Changing World** – We provide different levels and types of coaching workshop from strengths based coaching to new/traditional models to fit the appropriate leadership level audience within your organisation. Alternatively we can provide an house coaching programme or executive, leadership and career coaching as required.
- **Leadership Success Factors** – Leaders develop the critical leadership success factors to survive and thrive during Volatility, Uncertainty, Change and Ambiguity we all now face. Leaders gain insight into what good looks like for leadership in the times we live and learn to develop the critical knowledge and skills required to be successful now and in the future.

We also provide a number of highly interactive team workshops to build a high performance team which can be activities incorporated into an event, offsite or conference or as a standalone event.

MINDSET KEY NOTE TALKS

We have a series of mindset & resilience key note talks that can be delivered for events and conferences or can be enhanced into bespoke workshops for your organisation.

- **Reframe Your Mindset for 2020** – Based where we currently find ourselves in the world with the pandemic coronavirus, self-isolation, and uncertainty about the future, Paul provides an inspiring talk on how to reframe your mindset for success. Explore how making the time to reframe your mindset as being an opportunity to see things in new ways, become more agile, provide coping mechanisms, and help you demonstrate emotional resilience at this difficult time.
- **The Mindset Equation** – A fun, interactive and thought provoking insight into people who have been successful, along with what we can learn from them to discover the Mindset Equation and the secret to success. Within the mindset equation are 7 significant mindsets which can be tailored to an organisations strategy as required.
- **Resilience** – You will learn about the resilience backpack and how individuals can develop their mental, emotional, physical and spiritual resilience and how to develop the resilience teams and the organisation. This session provides simple mindset techniques to enhance your resilience to ensure you are equipped to facing life's challenges ahead.
- **Leadership Facilitation for Events** - For any conference, event, or offsite we can effectively facilitate to ensure your leaders have clarity, understanding, and are motivated to participate. We easily thread through your key messages as well as bringing out key leadership insights and observations from the day. With Paul's expertise in leadership he can easily deliver key bespoke content to create interactive and engaged events which are both memorable and achieve your business objectives. Paul also ensures all leaders are committed to take action from the day
- These talks are provided by Paul Corke and all key note talks can be tailored to your organisation as required face to face or online.

LEADERSHIP KEY NOTE TALKS

How to be a Leadership Architect and Create a Leadership Culture for your Organisations Future – A thought provocative talk on how leadership demands have changed and how it is essential to build a leadership culture to drive the positive change you want to see in your organisation in the future.

How Fintechs are Disrupting Leadership Development - An insightful talk on how Fintechs are disrupting leadership development through digital and virtual technology. Paul also talks on how leadership has developed through history to modern times to then explore examples of Fintechs who are providing technology solutions for every aspect of developing leaders for organisations.

How to Develop a Leaders Mindset (Beyond Command & Control Leadership) An inspiring and interactive talk on a leaders mindset to help organisations define leadership but more importantly the mind shift change that leaders need to take in this digital age to be successful. Leaders gain an understanding of the key leadership success factors they should demonstrate to navigate through the changing times we now live in and the importance of mindset to be able to be a leader who can shape the future.

Get Ahead of the Curve Now by Understanding Leadership in the Future - An inspiring and provocative talk on leadership in the future. By looking to the future we can predict the major shifts in technology, work and the world to gain insight in to what will be required of leaders in the future so that we can start doing it today. For those interested in future proofing leaders and gaining insight in to the future demands of leadership this talk is for you.

All talks can be provided as key note talks or adapted into workshops as required.

SELF- AWARENESS & PSYCHOMETRIC WORKSHOPS

We provide a range of leadership self awareness workshops by using various psychometric tools to develop your team/s.

Personality – We provide a variety of psychometric tools to develop personality awareness & influence through MBTI, FIROB and OPQ.

Mindset – We provide the innovative Mindset Equation Assessment (MQi) to assess leaders, teams and organisations mindset.

Strengths – We provide a range of psychometric tools through Strengthscope, Strengths Profiling and Total SDI Motivational Value Systems/Strengths.

Creativity – We provide the Creativity Factor ME2 tool to develop leaders, teams and organisational creativity and innovation.

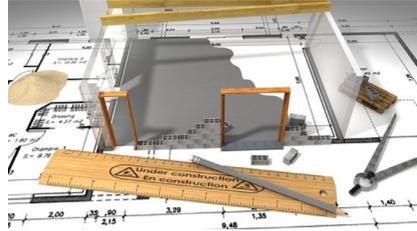

All of the above can be delivered face to face and online as required.

Please note all of the solutions within this brochure can be combined as required to develop leadership programmes for your organisation and then connected easily to provide a seamless leadership development experience.
