

**ELECTRONIC COMMUNICATION REGISTRATION**

This Electronic Communication Registration Form is available for both owners and tenants to share their contact information with the Board of Directors. Florida law requires the association to get separate consent before the Board can communicate with you via email or text. By completing this form, you're giving permission to receive important updates, announcements, emergency notifications, and other community-related information directly from the Board. This won't affect your communication with the property manager—that stays the same. While filling out this form is optional, it's a great way to stay informed and connected with the community.
