

Electrical Apprenticeship

About Davidson Electrical Services

Davidson Electrical Services is a full-service electrical company serving the Quinte and surrounding region. We get the job done right the first time and on time, up to code and without cutting corners.

Why Join Us

- Competitive compensation with regular reviews
- Ongoing training and certification opportunities
- Employee product and service discounts
- Mentorship from experienced journeyperson electricians
- A friendly, supportive team

About the Role

The successful electrical apprentice understands electrical systems, wiring and safety procedures.

Duties and Responsibilities

- Assist licensed electricians with the installation, maintenance and repair of electrical systems in residential, commercial and industrial settings
- Measure, cut, bend, thread, assemble and install electrical conduit and wiring
- Pull wire through conduits and walls to complete circuit installations
- Connect electrical power to lighting fixtures, equipment and devices
- Read and interpret blueprints, schematics and electrical code specifications to determine wiring
- Support troubleshooting of electrical issues under the supervision of a Journeyperson
- Maintain a clean and organized work environment on job sites
- Follow all company safety policies and comply with the Ontario Electrical Safety Code and Occupational Health and Safety Act (OHSA) requirements
- Assist with maintaining tools, materials and equipment in good working order
- Participate in ongoing training and development to progress toward electrical certification
- Support work with Quinte Smart Homes, which may include running Cat 5 and other low-voltage cabling for smart home and security system integrations
- Other duties as assigned

Skills and Core Competencies

- Ability to read and understand diagrams, blueprints and schematics
- Effective communication skills with a positive, professional and friendly attitude
- Proven multi-tasking abilities with attention to detail
- Ability to work independently and in a team setting
- Flexibility and adaptability to assist with various tasks as needed

Qualifications

- OSSD or equivalent
- Enrolled as a registered electrical apprentice
- A reliable way to commute to work or to the shop
- Excellent work ethic, punctuality and willingness to learn
- **Registered electrical apprentice within their second term or higher (around 2,000 hours of on-the-job training) is an asset**

Working Conditions

- Working hours are generally between 9 AM – 5 PM or 8 AM – 4 PM from Monday - Friday
- This position requires working on client sites with preparation conducted from the shop
- Must be able to lift 50+ pounds and handle heavy equipment
- Must be able to work in tight/confined spaces or at heights
- Must be able to sit, stand, kneel, lift, and climb stairs, ladders, roofs and scaffolding

Remuneration: Dependent on term level and experience

Hours: 30 – 44 hours per week

How to Apply: Please **upload** your cover letter and resume to www.davidsonelectrical.ca/careers

Start Date: Negotiable based on the right applicant

Accessibility

We welcome applications from persons with disabilities and will provide accommodations during all stages of the hiring process, upon request.
