Your request, below, was referred to the DTRA Legislative Affairs office.

We have just completed a JSIVA at Ellsworth and the report is still being written. It typically takes about 45 days for the report to be completed. We provide the assessment report to the requesting unit and they in turn decide what to do with it. If you require a copy of the report, Ellsworth is the releasing authority. I can provide you a POC at Ellsworth if you desire.

Hope this helps.
