OK. We will continue to submit info/questions in writing or email to BRAC staff. We are interested in the points raised today as well as several other issues not mentioned. Thanks.

Bob - Glad we were able to make today's meeting with Commissioner Skinner and Frank Cirillo work. Mr Skinner is very interested in the analysis points that were discussed and the staff will be working that for him.

Unfortunately, the BRAC staff is no longer available for meetings (per our 29 July announcement). Of course, if General Loh feels there are points to be clarified or new data to be considered than we will certainly take those inputs in writing up until final deliberations - although sooner is better.

As follow-up to today's meeting with Commissioner Skinner, Senator Thune requests, if possible, that a meeting be set up with BRAC staff so that General Loh can come in to discuss several critical issues that we believe still need to be clarified. Would there be a suitable time and appropriate staff available next Thurs or Friday, or the following Mon or Tues (22d & 23rd). He knows your schedules are greatly constrained as we enter the final stretch, but he feels this is critical before final deliberations. Thank you.
