

WE ARE MELIN

WHO WE ARE

For us, a hat isn't just an accessory that we occasionally throw on as we're leaving the house. It's the most critical part of our everyday wardrobe. It's the first thing someone sees when they look at your face and their first impressions of your personal style. It's the billboard that tells the world who you are, what you value, your passions, where you're from and how you live your life.

At melin we set out to create the most premium headwear in the world and are dedicated to elevating the headwear category through our use of the planet's most premium materials, unique problem-solving details and innovation. This provides more comfort and performance in every product we build. We create headwear that will outperform you so you can stay out longer, push it further and #HaveMoreFun
