

Azoth Market ConnectorTM

High-Fit Introductions for Growth, Distribution & Expansion

For growth-stage startups, manufacturers & distributors looking for partners who actually move the needle.

Azoth Market Connector helps companies find the right investors, distributors, manufacturers & licensing partners across India, GCC & global markets – with precision, fit and commercial clarity.

The core challenges we solve

- Hard to know who to trust
- Right partner or market remains elusive
- Conversations stall; deals don't progress
- Strong products but weak commercial traction

Azoth bridges this gap with curated introductions + commercial logic + negotiation alignment.

No mass outreach – just high-fit movement.

What Azoth Connects (2-Way Model)

For Manufacturers (Pharma | Wellness | FMCG-lite)

- Distributors
- Importers
- Licensing partners

For Distributors / Importers

- Quality manufacturers
- Ready-to-scale brands
- Category-refresh products

For Growth-Stage Startups

- Stage-fit investors
- Strategic partners
- Distribution channels

One product. Two pathways. Zero wasted conversations.

Our Process: 5 Step Flow

Fit Assessment

Product, margins, expectations, traction

Target Mapping

Identify best-fit investors / partners

Curated Introductions

Context-led, relevant, high-fit

Negotiation Alignment

Pricing logic & expectation match

Deal Movement

Follow-through until MoU/PO

Business Model

A structured, global-standard model:

Engagement Model

Small fixed fee covering assessment + targeting.

Success-Aligned Model

Fee after meaningful movement (PO/licensing / investment).

Investor-Sponsor Model

Funds pay for portfolio narrative + introductions.

Aligned incentives, zero friction.

Benefits

For Manufacturers

- Faster distributor access
- Clearer margin & pricing logic
- Global market entry
- Higher probability of closure

For Distributors / Importers

- Reliable manufacturers
- Faster technical validation
- Better margin clarity

For Growth-Stage Startups

- Investor fit, not scattershot outreach
- Narrative framing for growth + capital
- Higher conversion confidence

About Us
