

ALLIANCE NEXUS PUBLIC-PRIVATE

Point Paper | CS4 | Public-Private

Multi-national public-private crisis under a United States Department of State (State) / Embassy construct with commercial partners. Quadraux provides hybrid project management (PM), cyber, and logistics as complementary surge, not a replacement for State, embassy, or commercial operators. Illustrative \$3.8M over 45 days planning and execution support. Time, Cost, Scope, and Value held.

ALIGNING TIME, COST, SCOPE, AND VALUE.

Illustrative scenario. Not a prior Quadraux engagement.

SNAPSHOT

Client	State / Embassy + commercial partners: multi-national public-private crisis
Scenario	Complex crisis requiring coordinated response across multiple embassies, host-nation authorities, and private-sector partners.
Estimate	\$3.8M (competitive lower-end). 45 days planning and execution support.
Quad	Time, Cost, Scope, and Value held as four peers.

OUTCOMES

Illustrative scenario numbers.

- **Cost.** \$3.8M competitive lower-end held across 45 days.
- **Time.** 96 hours to operational alignment across 8+ partner nations.
- **Scope.** 50+ stakeholder organizations absorbed into one decision rhythm.
- **Value.** ZERO information-security incidents. 99.8% platform uptime.

APPROACH

- **D.I.M.E.** Diplomatic, Information, Military/Operational, and Economic frame as four peers, synchronized against Time, Cost, Scope, and Value.
- **Coordination cell.** Secure role-based collaboration environment and common operating picture (COP) stood up within 96 hours.
- **Zero Trust.** Differentiated access, complete audit trail, and need-to-know enforcement as a Day 1 design input.
- **Hybrid PM.** Project Management Body of Knowledge (PMBOK) gates plus Agile sprints. Delivery method, not a seventh service line.
- **AI/ML.** Translation, summarization, and decision support as advisory tools. Human authority retained.

RECOMMENDATIONS

Decision Rights and a Shared Picture in 96 Hours

- **Recommendation.** Establish explicit decision rights and a living COP inside 96 hours so 8+ partner nations and 50+ stakeholder organizations share one decision rhythm.

Hybrid Project Management Under Political Pressure

- **Recommendation.** Hold PMBOK gates for risk, cost, and reporting. Run 72-hour Agile sprints so priorities can move without losing the audit trail.

Commercial Partners as Integral Stakeholders

- **Recommendation.** Treat commercial partners as integral stakeholders with legitimate equities from Day 1, not as afterthoughts to a government-only construct.

WHEN CRISIS STRIKES. PREPARED. PROTECTED. CONNECTED. RESILIENT.
