

Dance Gala

Currently there are two kingdoms at the spiritual level, and both are at war for the destiny of humanity. The Kingdom of Light, where God dwells, is the greatest and most powerful. This war for the destiny of humanity is taking place, in the first heaven.

There is a total of three heavens;

First heaven: Human beings inhabit.

Second heaven: Spiritual beings inhabit.

Third heaven: The throne of God.

The inhabitants of the "Second Heaven" control humanity (Planet Earth) through THE CONSORTIUM. We are talking about an alliance of valuable and influential companies. This alliance controls 90 percent of the world's wealth and, therefore, the economic power of humanity. In the opinion of most financial experts, investing in this alliance is a wise decision. Good dividends are guaranteed! Just look at their main sources of wealth: credit cards, pharmaceuticals, technology, education, agriculture, communications, weapons of war and, of course, banks.

The main purpose of this powerful "alliance" is to control humanity, in order to encourage the production of negative energy, which is raw material to produce the famous and desired drug «Neu».

The spiritual beings, who form THE CONSORTIUM, hate and despise human beings. For these entities, humans, are considered as cattle. They are only a source of food for the inhabitants of the Kingdom of Darkness.

Humans, infected by evil or stress, produce the protein Neuropsin (Note 1).

THE CONSORTIUM has four major divisions; the

MANAGEMENT, the CHRONICLES, the DC division (deceive and confuse) and the FARM. This last one manipulates humans, so that they act for the benefit of THE CONSORTIUM. The FARM promotes evil in the world. By causing pain and suffering in humans, it stimulates them to produce the protein Neuropsin. This protein is associated with negative energy.

The FARM, with the help of a selected group known as the Associates, control humanity. They are people of great influence in the world. The Associates work like sheepdogs, which help keep the flock from dividing and dispersing. They are opinion forgers.

The world admires them and is willing to follow their recommendations, without questioning their motives. The empire of darkness has bestowed material wealth on the Associates, in exchange for helping them manipulate and control humanity.

This controversial group appears to be a benefactor of humanity, but in reality, they're not. They are villains disguised as heroes! They wear masks of kindness to hide their true intentions. They are not "sorry" to encourage suffering, if it produces economic benefit. It is important to note that not all men who have enormous fortunes are Associates, but all Associates have enormous fortunes.

Annually, the Associates are invited to the Strategic Planning Meeting that is held at the General Headquarters of THE CONSORTIUM located in New York City. The important meeting begins with the famous Dance Gala, where men wear their best clothes and women proudly show off the most expensive things money can buy. Here the waste of money has no limits.

In the festivity, splendor walks with greed, vanity embraces with uncontrolled ambition, boastfulness kisses with envy, deification opens the doors to anger and arrogance marries pride. Here the "SELF" is exalted and the "love for one's neighbor" is ridiculed. A common characteristic among Associates is that they always need more and are never satisfied with what they have.

An important part of the Dance Gala is the... «Medal of Honor» award.

During the dance, the famous "medal" will be awarded. This prestigious honor is received by the member of THE CONSORTIUM who has contributed the most in favor of evil. This year, the "medal" will be awarded to Attorney Odeim, a lawyer for the Superior Council. The name "Odeim" spelled backwards means "miedo" which is "fear" in English.

He is to receive the award for inventing the «VCCMI». It means; «Video Camera that Captures Mental Images». This instrument captures the thoughts of human beings, which will then be processed in the computer, and obtain mental images in digital form. These images can be viewed through the monitor and at the same time can be saved on the hard drive of the computer.

Very soon... the attorney... in addition to the medal will receive an unexpected surprise.

Nota:

- 1. Neuropsin** is a serine protease expressed heavily in the hippocampal regions of the brain. The protein was first isolated in the mouse (*Mus musculus*) and was found to be localized in the limbic system of the brain which consists of the hippocampus, amygdala, anterior thalamic nucleus, septum and the limbic cortex (humans). These structures collectively are often implicated in emotional and behavioral responses.
