

Everything will change!

Humans, manipulated by THE CONSORTIUM, produce excellent negative energy. The powerful alliance of corporations, divides humanity into six categories according to its ability to produce the most desired product. Negative energy is the raw material to produce the desired drug Neu. Attorney Odeim, standing next to the portable furniture that holds the huge graphic, pointed to the graphic, and said:

“The six energy producers are divided into two groups.”

First group: Composed of atheists, polytheists, and monotheists (see graphic 1). Odeim placed the long rod on the word "Christians" and with a frowned face, said:

“Be careful... be very careful... with this group.”

“Who are they?” asked the philosopher.

He knows that the term Christian is used to identify those who believe in Jesus Christ, what he does not know, is that there are three levels of Christians in the production of negative energy.

Second group: The three levels of Christians.

One: Believers. Those who are conformed with believing in Jesus Christ. Among Christians, they are the ones who produce the most negative energy.

Two: Disciples who need to see to believe. They believe in their own way, trust with doubts, and obey from time to time. Among Christians, they are the ones who produce the least negative energy.

Three: Disciples who "NO" need to see to believe. They believe in faith, trust without hesitation, and obey without question. This group is composed of CRECONS and does not produce negative energy.

Odeim moved his index finger over the sixth column... and said with haste in his voice:

“Danger... a lot of danger.”

The attorney, with a face that reflects deep concern, added:

“This type of disciple is known as CRECONO and we have to avoid them.”

The workshop coordinated by Attorney Odeim went smoothly and without much conflict. The intention of this meeting is to train the Advisors, so that they can fully understand the dangers posed by Christians. All of them consider humans, including Christians, biological batteries that benefit THE CONSORTIUM. The world of darkness considers the negative energy that humans produce as an appetizing food. The attorney, with authority, said:

“The drug Neu, comes out of the negative energy, produced by humans.”

The FARM is related to the drug Neu. This division is responsible for fomenting violence, evil and fear among humans. FARM employees use wars, viruses, hunger, and hatred to ensure an abundance of negative energy. This evil institution is responsible for storing the negative energy and then processing it and producing the drug Neu. They are also in charge of marketing the drug and distributing it among spiritual beings. Odeim using a tone that reveals contempt, said:

“The FARM qualifies humans into three categories.”

The attorney placed his rod on the table, and using his two hands, he turned the graphic of the six bars. Behind the graphic is a summary of the production of negative energy and it is divided into three groups: unconverted, religious people and Christians (believers and disciples). Taking the rod, which rests on the table, he used it to point to the group with the highest percentage.

“The unconverted...”

All the Advisors showed satisfaction on their faces when they heard the name of this important and beneficial group. Showing a wide smile, Odeim said:

“This huge group "DO NOT" know the one and only God, with capital "G".

Odeim explained that the unsaved represent most of the humanity. In most of them there is "NO" "God" in their thoughts! Because they have their spiritual eyes closed, they are bound by the chains of sin.

"First group... the unsaved," Odeim said.

This group, because they are disconnected from God, is inclined to evil. The attorney proceeded to point out the second group. The pleasant and cordial atmosphere in the "Room of the Champions of Evil" began to change as it went from unconverted to religious people. Pointing to the group in the middle... Odeim said:

“The second group is the religious people.”

The religious people have their spiritual eyes open, but their sinful nature dominates them. Although the amount of negative energy they produce is low, it is highly valued by the inhabitants of the Dark Kingdom. Pointing to the last group... the attorney, in a tone that reveals concern, said:

“The third group are Christians.”

Christians believe in the one and only true God. They are associated with the "Spiritual Man" and are the ones who produce the least negative energy. Upon hearing about the Christians, the Advisors were uncomfortable and put on a bad face. The attorney, hiding his concern, appeared to be enthusiastic when he said:

“Don't be alarmed... everything is... under control.”

The DC (deceive and confuse) department is responsible for creating smokeballs to distort the truth. Those who do not allow themselves to be deceived and confused take over the title, 'Children of God'. It is written: "He came to that which was his own, but his

own did not receive him. Yet to all who did receive him, to those who believed in his name, he gave the right to become children of God— children born not of natural descent, nor of human decision or a husband's will, but born of God.” (John 1:11-13)

The subject of Jesus Christ causes disgust in the kingdom of Darkness and in the CONSORTIUM.

It annoys demons, knowing, that God loves humans. This truth was discovered by Odeim, when studying the evidence that Dadlam brought from the Garden of Wisdom. Two creepy things happen, for the Empire of Darkness, when humans decide to believe in Jesus Christ. First, they receive the title of "Children of God" and second, they are recipients of the valuable gift of "Salvation".

During the conference, Odeim avoided mentioning what happens to those who accept Jesus Christ, as Lord and Savior. They are freed from the slavery of sin! Immediately, if the man or woman believes in Jesus Christ, there is a transformation. The spiritual chains that bound them are broken. Odeim in a boastful tone said:

“This reality bothers the kingdom of Darkness, but it does not cause panic.”

The five Advisors looked at each other, and the professor asked:

“What causes this panic?”

Covering up his fear as best as he could, the attorney replied:

“What causes panic is Christians committed to “grow” in the knowledge of God.”

These words were for the Advisors like chewing habanero pepper, but instead of affecting their taste, it left their brains throwing smoke. It is a relief for THE CONSORTIUM that most Christians are content with "believing" in Jesus Christ. The problem is with those Christians, who in addition to believing in Jesus Christ, are willing to trust Him without doubt and obey Him without question. They are a horrible nightmare for the kingdom of darkness! These

Christians, identified as CRECONOS, have access to the extraordinary life that God offers.

"I have an important question," the professor said.

"What's your question?" Odeim replied.

“What should we do when we face a CRECONO?”

Odeim's response was short and alarming:

"Get away as fast as possible!"

An assistant of the Evilest of evils, at the end of the meeting, entered the room. In his hand he holds an elegant card and gave it to the attorney. It's a formal invitation to meet with the top leader of the High Council. Odeim's face glowed, realizing that the reason for the meeting is to talk about the prize he will receive.

Excited, about the meeting, Odeim went to the office of the Evilest of evils.

He doesn't know it, but a trap awaits him.
