

# The Rock of Horeb

**T**he mountain falsely called "Sinai" in Egypt is not in ancient Midian, and it does not have a blackened top. Nor does it have enough level plains around it to allow two million people to camp. The "Sinai" in Saudi Arabia, its mountains in this region show evidence of the fire of God. Also, in that dry, sterile, and arid desert is the Rock of Horeb. Pointing to the map, which appears in his report, the doctor sneered:

“An ugly ground to be thirsty!”

What happened that day with the Rock of Horeb defies logic. This event confirms a truth that causes terror in the spiritual world. God likes to use insignificant things to do extraordinary things. This truth terrifies the demons! The rock symbolizes the insignificant, but what happened to it represents the extraordinary. God managed to supply water to the people of Israel through this rock. The demons in the room were enraged, hearing the doctor say:

“What happened that day... allowed millions... to quench their thirst.”

A few words are enough for a good listener! The doctor is talking about a miracle and immediately, the demons started booing angrily. To imply that the God with a capital "G" performs miracles is offensive and insulting. Until now, the DC (deceive and confuse) division, using thick smoke balls has managed to hide the truth.

“Everything is changing!” –Nose Nada commented.

The power manifested in the Rock of Horeb is the same power revealed in the ten plagues, and the same power shown, in dividing the Red Sea in two. The doctor proudly declared:

“There is evidence of the “outpouring” occurred in the Rock of Horeb.”

Hearing about the outpouring, the attorney trembled, and a wide smile surfaced on his lips. Using the nickname by which the doctor is

known, the lawyer asked:

“No-no, are you sure, that you are talking about the same outpouring?”

"Of course, it's the same outpouring!" the doctor replied offended.

The Rock of Horeb shows physical evidence, which confirms that something extraordinary, at the level of a miracle, happened with this enormous rock. What the doctor discovered is related to water and the outpouring that the attorney is looking for... has to do... with the spirit. Nose Nada, convinced of having the correct answer, said:

“God made water sprout in the desert.”

The evidence in the doctor's possession reveals that, despite there being no underground river, God made water flow through this rock. The only thing Moses did was follow God's instructions, and the flowing of water occurred. God told Moses:

*“Go ahead of the people and take some of the elders of Israel with you, but also take the rod with which you struck the Nile. Go, I will be waiting for you by the rock that is in Horeb. Strike a blow at the rock, and water will flow from it for the people to drink” (Exodus 17:5).*

The rock found in Saudi Arabia, identified with the "Rock of Horeb", is split in half. It is divided by an impressive crack caused by water erosion. Normally, erosions occur from the top down. What is unheard of and surprising is that the pressure of the water came from the bottom up and divided the rock. The second evidence has to do with the rocks that surround the "Rock of Horeb". These rocks show evidence, which confirms the flow of abundant water. The exuberance of water, which flowed from this Rock, quenched the thirst of more than a million people. The GREAT BOOK says:

*Out of 600,000 men, not counting children and women (see Exodus 12:37).*

Abundant water ran over the surface! THE BIG BOOK confirms it:

*“In the desert he split the rocks in two and gave them torrents of water to drink; he caused streams to flow out of the rock and the waters to flow like rivers” (Psalms 78:15-16).*

A thick atmosphere of frustration covered all the demons, who were, in the Room of Hidden Secrets. Faces filled with disappointment and anger glare at the doctor. He got the wrong outpouring! Faced with this reality, attorney Odeim asked him:

"No-no what outpouring are you talking about?"

"I'm talking about the water that flowed from the Rock of Horeb," answered the doctor.

This answer was like a bath of cold water on the attorney. The words tasted like laxative. From anger, he wrinkled his face; and out of madness, he clenched his fists. A whisper saturated with frustration escaped his lips.

“You got the wrong outpouring!”

Surprised and angry with the comment, the doctor protested:

“I'm not mistaken... in the Rock of Horeb... there was an outpouring.”

Hiding his frustration, the attorney replied:

“What you discovered... was an outpouring of water... and what we were looking for...”

The lawyer paused briefly to control his frustration:

“What we are looking for is the outpouring of the Spirit of God.”

The boos began immediately, and shouts of protest flooded the room. The lawyer, disappointed with the doctor, told him:

“Please come down from the witness stand.”

The two guards in gleaming armor approached the doctor to escort him out of the room. Tempers were so high that if the guards hadn't been present, the crowd would surely have attacked the doctor.

Tolerance is the only one who is not disturbed or upset by the doctor's confusion. The ugly creature with the face of «Komodo Dragon» does not look frustrated but happy. Everything is turning out as he anticipated! He knows that it is unlikely that the groups sent into the world will discover the answers to the four questions. Being in the Dark Zone of the room, no one noticed the joy reflected in his ugly face. Everything is working out, according to his "double plan".

As soon as the doctor left the room, the lawyer said loudly:

“We now invite engineer CP to enter the room and give his report.”

**M**any of the demons in the Room of Hidden Secrets think that everything about the "outpouring" of the Spirit of God is an exaggeration. Since Jesus Christ came into the world, at different times in history, rumors have arisen in THE CONSORTIUM that God plans to pour out His Holy Spirit. This event, denied by Lucifer and his inner circle, seems to have a certain level of truth. This possibility is cause for panic in the Empire of Darkness!

Before he fell from grace, the proud and haughty Dadlam was in favor with Lucifer. His fame was known to all the inhabitants of the Kingdom of Darkness. In those days, the pedantic and arrogant demon was admired and respected by all the management of THE CONSORTIUM and especially by the Intimate Circle of the president. Everything changed in the wake of a horrible event!

The horrifying event occurred on June 5, 1967. History identifies this terrible event as the "Six Day War." Before the war broke out, Lucifer arranged to destroy the Israelites permanently through this war conflict. According to the experts at THE CONSORTIUM, there was no way for the Israelites to escape their destruction. Anticipating an extraordinary victory, the Kingdom of Darkness began to celebrate their triumph in advance. All the arrangements, which guarantee victory, were in favor of the Arabs! In theory, the destruction of God's people was a sure thing. Something unexpected and humiliating happened! The Israelites, in six days, defeated the mighty Arab army.

Anticipating an extraordinary victory, the president faced an embarrassing and heartbreaking defeat. Lucifer's inner circle pointed to "luck" as being responsible for the Israelites escaping their destruction. Dadlam did not buy the story and began his own investigation of it. In his quest to learn the truth, despite warnings of danger, he visited the Garden of Wisdom. In this dangerous place he discovered two extremely controversial issues.

**First Issue:** It has to do with God's PLAN.

**Second Issue:** The "great and terrible day."

The "great and terrible day" is part of the "God's Plan". This dreadful event, which will occur soon, is related to the end of THE CONSORTIUM. According to the GREAT BOOK:

*In those days I will pour out my Spirit even on servants—men and women alike. And I will cause wonders in the heavens and on the earth—blood and fire and columns of smoke. The sun will become dark, and the moon will turn blood red before that great and terrible day of the lord arrives (Joel 2:29-31).*

As investigated by Dadlam, in the Garden of Wisdom, the "great and terrible day" is coming. God's plan will be fulfilled, no matter what Lucifer does to try to prevent it. Some demons have talked about the "great and terrible day", but none of them have experienced the punishment of Dadlam.

He was accused of being a traitor and a terrorist. He is currently imprisoned in a gloomy dungeon, located deep within the Black Castle.

The atmosphere in the Room of Hidden Secrets was altered because of the doctor. Boos fill the room. As soon as the engineer CP entered the room, the disturbance stopped. It is rumored that the engineer found answers to all four questions. The questions are: When does God plan to pour out His Spirit? Where will He pour it? How will He pour it? On whom will He pour it?

Adjusting his glasses, the engineer said:  
“I know the answer to all four questions.”
