

February 8, 2023

Dear Friends,

Although the winter season is still here, the July 4 Committee is already hard at work planning the annual 4th of July celebration in Plymouth, America's Hometown.

This year, July 4 Plymouth's goal is to raise \$120,000 for our annual celebration. Your support as an event sponsor will make this celebration possible!

If we meet our goal, we'll raise enough money to fully fund the cost of the parade, fireworks, and entertainment – and cover the cost of police, fire and public works personnel that work hard to ensure a safe and fun family event.

We formed July 4 Plymouth 38 years ago -- when the town of Plymouth could no longer afford to fund our annual Independence Day celebration – because we believe so strongly in coming together to celebrate our freedom, show our community spirit and share our values as America's Hometown.

Today, that tradition lives on and has grown, to include a road race, parade and concert – and culminates with a spectacular fireworks celebration over Plymouth Harbor.

We're also excited to announce that this year's theme is **Celebrate America**. If you haven't already done so, please like our Facebook page and visit our website for all of the updated information about the events of the day.

Benefit packages are available to recognize your contribution, and your support will help us meet our goal and keep this tradition alive so that families can come together and celebrate with us again this year, and in years to come.

Thank you, again, for your generosity and support.

All the best,

Matthew Tavares
