Preparation for a Casa Mora Pop-up show in Evora for 2026/27

We are now planning to curate a Pop-up Exhibition to follow the success of our event at the end of 2025. We have artists who want to be part of this, and our hope is to find a stunning and unique space. If you would like to be part of this, or know of large spaces in and around Évora please get in touch.

We want to make this an interactive and dynamic show to include fine art, ceramics, sculpture and even performance, with our focus on modern Portuguese emerging and established artists such as José Miguel Gervásio, Adriano Dias Pereira, Genison Oliveria and Jorge Simão.
