

Super Sound Band Parents and Guardians

Welcome to 2022-2023!

Supply Needs:

Snacks. Nothing with peanut ingredients please. We do have allergies on board~
Drinks/waters (for practices and for each game)
Paper goods.....no one likes to wash dishes
Sanitizing items (wipes, spray, paper towels) No germies!
Dinner sponsorships (we want to feed the band before games and need your \$ help)

Concession Stand Volunteers:

We need volunteers for each home game, events each month at Pensacola Bay Center. There are at least 8- 10 people required for each. The sign up sheets are online and we have one here today for you. We will be reaching out to you prior to each event to ask for your help again.

Every parent is expected to work at least 1 event.

We will have a cleaning day **Sat August 13th at 10am**. The concession stand is dirty and greasy and yukky. It must be spotless to start the season's first game on the 26th. There is a lot to do. We will also be updating our equipment. This is not cheap and your support is valuable. We also must have a short training for those who work in the stand and take money. We are striving to be cashless, but for now we will take real money as well as digital payment.

Chaperones:

Chaperones are needed for away games, competitions and performances. We will have a sign up sheet for official chaperones, but we also feel that every parent is a chaperone when attending events, and each parent has responsibility to be there for the band. At away performances we all want to be together as a group, wear our shirts, show our spirit.

Sponsorships:

All sponsorships will have their logo displayed at concession stand, on banner and everywhere the band goes. Our website will have a sponsorship page. We gave you sheets to share with your business owning friends. This isn't just limited to businesses either. This can be for your family or friends to sponsor as well.

Things that can be sponsored besides just providing a monetary donation:
Band dinners, travel for games, concession equipment. You name it!

Fundraising:

Though we have not tied down a specific fundraiser that students can help with, we have tossed around a few ideas. Everything from candy sales to selling trash bags. We will have something solid by the time school gets under way. We also will be working in the concession stand at the Pensacola Bay Center at least once a month. We get 13% of the profit sold in our stand + donations offered by customers. Stay tuned for our schedule.
