-  Veterinary Concierge

Prescribed Care *(any services not listed here can be discussed)*

These are services that are administered at home under the direction of your pet's veterinarian. There must be a current, legible prescription for the requested service or it will not be completed.

Please note: your veterinarian may charge an interpretation fee for any diagnostics run in the home. Interpretation fees are paid to your veterinarian directly and are separate from the fees paid to Caring Comfort Pet Services. **I do not give interpretation or offer treatment advice based on results.** Updates/results are emailed to your pet's veterinarian within 24 hours; you will be copied on the email that is sent.

-  Blood Glucose; curve or spot check
-  Application of FreeStyle Libre *(application only, must be supplied)*
-  Blood pressure check
-  Injections
-  Oral or topical medication administration
-  Wound treatment
-  Subcutaneous fluids administration
-  Demonstration of administering ongoing treatments *(ie., insulin, immunotherapy, etc.,)*
