Yolo County

REPUBLICAN

TRUE PARTY OF THE PEOPLE

Protecting Liberty Begins with Limiting Power

A strong defense of individual liberty starts by restoring the federal government to its original, constitutional limits. When government power expands beyond its bounds, our most fundamental rights—free speech, privacy, and property—are the first to be threatened. These rights aren't optional. They are the foundation of all other freedoms. Without them, liberty cannot survive.

OUR MISSION

We are committed to recruiting, electing, and developing Republican candidates who will:

- Vigorously defend the U.S. Constitution
- Protect individual liberties
- Limit the federal government to its constitutional authority
- Demand fiscal responsibility at all levels of government

Our Focus

- Increasing Republican voter registration
- Identifying and supporting qualified candidates for local offices
- Building the infrastructure necessary to develop and elect strong Republican leaders at the local level

Elect Republicans Who Defend America

Individual security begins with national strength. America must remain sovereign, secure, and unmatched on the world stage. That requires bold leadership—not compromise.

We must elect Republicans who will:

- Project power through foreign policy that defends liberty and deters aggression with righteous strength
- Secure our borders—end illegal immigration and enforce the law
- Expand and modernize intelligence to eliminate threats before they strike
- Fully fund and equip our armed forces to dominate any battlefield
- Achieve energy independence by unleashing American resources and rejecting dependence on hostile nations

**Weakness is dangerous.
Strength keeps America free.**

We need Republicans who will fight—without apology—to protect our nation and every citizen in it.

Unleashing Opportunity Individual Prosperity

True prosperity is built on individual effort, personal responsibility, and a free market that rewards innovation and hard work. Government doesn't create wealth—people do.

Republicans believe the best way to maximize opportunity is by empowering private enterprise, not strangling it with red tape and over-taxation. Prosperity flourishes when we:

- Create a business-friendly environment free from overbearing regulations and crushing taxes that stifle growth and innovation
- Instill personal responsibility in the next generation, grounding our children in the values of hard work, accountability, and independence
- Promote education that works, teaching critical thinking, real-world skills, and the tools needed to succeed in both life and career

Individual freedom must be matched by individual readiness.

Local Wins Build National Strength

The (YCRP) supports Republican candidates in state and federal races—but local offices matter just as much.

Positions like:

- School Boards
- City Councils & County Supervisors
- Judges, Sheriff, and DA

may be non-partisan in name, but Republican leadership in these roles shapes our communities and strengthens our party.

Electing Republicans locally builds experience, name recognition, and a pipeline for future state and federal leaders.

Local victories today lead to national wins tomorrow!
