**5TH GRADE:**

- 1 hour session
- Methods of coming up with ideas for characters and stories and interactive brainstorming session with students
- Examples of different illustration methods
- Traditional publishing vs. self publishing
- Processes of creating printed books versus e-books
- Pass around story board forms
- PowerPoint showing what different e-book formats look like here.

I love books! I love art! And, I love writing!

I'm a former elementary-school art teacher, and am certified for grades K-12. One of my favorite things I would do with my art students was to create books.

**Here is what one teacher said about an author visit:** *"My students and I really enjoy your story and illustrations. I grew up on a farm, so I had many connections to your story. Children love animals, and they love reading about Rattles. It is such a blessing to have you in my classroom."*
