

New Leaf Pathways for Post-16

New Leaf Maple Pathway for Post-16 is a bespoke provision for developing confidence, life skills and independence in our learners. This pathway allows students to receive supported learning with a college feel, allowing students to develop the skills needed for the next step of their learning journey.

New Leaf Pathways for Post-16

New Leaf Clover Pathway for Post-16 is a bespoke provision for developing confidence and independence in students who have previously achieved some academic success at GCSE. The pathway allows students to receive supported learning with a college feel and the potential to transition onto college, apprenticeship or a workplace environment.

*Please check entry requirements for Level 3 courses.
