Practice Questions

These practice questions will give you **an idea** of the types of questions that will be on the Chidon tests. The actual questions will be different than the ones here. In order for this practice to be helpful, the questions must be answered **without** looking inside the book!

SUGGESTED STUDY TIPS

1. Learn four or five units at a time.
2. Review those units until you feel you know the information well.
3. Read the questions for all the corresponding units with your book closed, and write down your answers.
4. Mark yourself using the answer key.
5. If you get any questions wrong, try to figure out why. Look carefully at the wording of the question to see if you missed a crucial word. If you still can't figure out why, check the book.
6. Repeat all steps for the next set of units as you learn them.
