

"Cervico cranial vascular dissection and free floating thrombi : Management strategies"
Delivered a talk at Annual Conference of Indian Society of Neuroradiology (ISNR 2024),
Hyderabad. Many congratulations to Dr. Suresh and team ISNR 2024.

TIME	TOPIC	SPEAKER
8:30 - 09:40	Session-Carotid	
8:30 - 08:45	Imaging markers for case selection for carotid stenting	Uday Bhanu
8:45 - 09:00	Carotid stents - choosing among available armamentarium	Ullas V Acharya
9:00 - 09:15	Carotid stenting : with and without distal protection	Navin Mulimani
9:15 - 09:30	Cervico cranial vascular dissection and Free floating thrombi :Management strategies	Vikash Jain
9:30 - 09:40	Case in the box - carotid	Virendra Malik
9:45 - 10:25	Session- Dissection & ICAD	
9:45 - 10:00	Intracranial atherosclerotic disease endovascular management: current status	Jeyaseelan Nadarajah
10:00 - 10:15	LVO with ECAD or ICAD: My approach	Kate Mahady
10:15 - 10:25	Case in the box- ICAD	Rajesh Poosarla
10:30 - 11:00	Dr Prashant Shetty Memorial Oration- NCC - A new look into an old pathology @ HALL A	Paramjeet Singh
11:00 - 11:30	President Gold Medal Presentations @ HALL A	
11:30 - 13:00	Session -Acute stroke- Evaluation	
11:30 - 11:45	Clinical predictors and scales for LVO	Subhash Kaul
11:45 - 12:00	AIS- Neurological evaluation in ER	Sudhir Kumar
12:00 - 12:15	Acute Stroke CT based Imaging	Vivek Agarwal
12:15 - 12:30	Acute Stroke MR based Imaging	Puneeth KT
12:30 - 12:45	The present and future of Mobile stroke unit	Pankaj Mehta
12:45 - 13:00	Bridging thrombolysis in LVO: when and when not ?	Senta Frol
