

**SOUTHWEST OHIO ROCKETRY ASSOCIATION NAR#624**

## **NEW MEMBER APPLICATION**

Southwest Ohio Rocketry Association is a chartered section of the National Association of Rocketry (NAR). Section #624. Its purpose is to promote the sport of model rocketry in a safe manner, help educate members in the principles of model rocketry, and provide an enjoyable experience for rocketeers and their families.

By joining Section #624, you agree to follow all safety rules of the National Association of Rocketry and follow the instructions of the Range Safety Officer (and other Officers) of the club during meetings and launches. Model rocketry is inherently a safe sport when rockets, motors, launch equipment, etc. are properly prepared. However, issues can happen due to manufacturing defects or other unforeseen circumstances. Members assume all risk of participating in the sport and will not hold liable the club or its officers for personal injury or property damage. The NAR provides NAR members with an insurance policy of \$5,000,000 when participating in club launches. Launch participants who are not NAR members are not covered unless they are part of a NAR competition team. Members will pay the first \$1000 deductible for the first claim and \$5000 for additional claims. Refer to the NAR website for further information.

Additionally, photographs, videos, or other media may be taken during launches for the purposes of promoting the club or documenting events at the launches. Media may be used on the website, for lectures, promotional pamphlets, etc. You hereby consent to having your and your rocket photo/media taken during launches.

Annual dues are \$5 per calendar year. Please print clearly.
