

# SORA Minutes of Meeting

Date: April 7, 2026

Number of Attendees: 13

The meeting was called to order at 6:00 p.m. by President Robb White. The meeting was held at the Lebanon Public Library.

Robb stated that he was still having difficulty accessing our LCNB bank account. He will try again this week.

Our next SORA launch will be at Hisey Park on Sunday, April 12. Check the SORA website for details. Robb will meet with the park manager to renew our contract with Warren County Park District to continue using Hisey for our launches and to have midweek launches.

Robb displayed our NAR certification and insurance policy for 2026. It also has been posted on our website.

Anyone who launches a rocket at Hisey Park during a SORA event must be a member of NAR and SORA, or anyone who is not a member must sign a liability waiver before launching. We have new waiver forms available on our website, and all SORA officers will have them at Hisey during a launch.

Robb discussed the new NARTREK program and encouraged our members to participate.

We have two new members: Ryen Jennings and Gary Batten. Welcome to both.

Our free NAR membership was awarded to Ryen Jennings.

We watched a video of the Artemis II launch that was taken by Rick Forrester as he watched the launch from 8.5 miles away.

The last half of the meeting was a build session. Everyone was given a Quest Astra kit supplied by the club. We hope to see many of them flying on Sunday!

The meeting was adjourned at 7:30p.m.
