

# First Presbyterian Church

UPDATE/8.25.22

MOUNT HOLLY NC

## Hello!

Many, many years ago, as part of a youth mission trip, I traveled to Buckhorn, Kentucky where we served the community that has now been devastated by floods. We worshiped in the Buckhorn Lake Area Presbyterian Church known as the "Log Cathedral." A former colleague has shared first hand about the tragic losses in the communities there and of how difficult it is just to live while experiencing such loss. That place and that experience is a connection point for me even these many years later. Being connected has long been considered one of the blessings of our denomination.

Being connected as Presbyterians also means that when disaster strikes, the PC (USA) has a response at the ready to help our siblings in Christ. It has been my practice to let you know about opportunities to assist through our denomination, should you wish. Information on assistance for flood relief is provided below.

On another note, I'm not sure where those "lazy, hazy days of summer" have gone! Somehow September is just around the corner! With it comes a whole array of new activities and mission projects and opportunities to "be the church." You will see in this newsletter, in our Session Highlights and announcements, that FPC is living out its call to be faithful in some exciting and meaningful ways. Enjoy this issue, join in where you wish, and may we all continue to be guided and energized by God's Spirit among us!

Blessings,

*Janet*
