

Affiliate Fast Start Checklist

NOTE: The key to long term growth is taking the time to root your own new *Affiliate's* in the duplication system outlined below that you are about to do. **DO NOT NEGLECT THIS!** Duplication is not automatic – it takes work. But if you start this work the day you sponsor them you will need far less time helping them afterwards, and you'll be free to train more IBOs.

This is **your** business – be professional – **do** what professionals do and you will win!
