

## Welcome to the Provizion Legacy Line 444 Building Plan\*

This is a Team Building strategy. This strategy utilizes every online marketing tool for **inviting** people who have the same mindset you have about building a Legacy. They're focused on doing more than just starting a business or selling some products. They want something significance. Something that lasts.

**Goal number one** is to find 4 Affiliates who have that *Legacy mindset*, and they will get on Smart Ship with a *Mission Pack*, a *Master Pack*, or a *Legacy Pack*. The reason this is important is because when *they* do that it opens up all possible commission and bonus lines for *you* to begin to earn. Now, you do have to earn them, they don't just automatically start paying you, but they're all open because you have signed up 4 Affiliates and they are on Smart Ship.

**Goal number two** is to help your 4 Affiliates sponsor their 4 and get them all on Smart Ship with one of the *Mission*, *Master*, or *Legacy* packs. When you do this, not only are you earning the Sponsor Commission, but you're also earning the Team Commission and the Generation Commissions, they're all being earned at the same time.

**Goal number three** is building 3 Levels of 4 Affiliates and every person has sponsored their own 4 Affiliates and gotten them on Smart Ship with one product packs. When you attain to this position, having filled out all 3 Levels, the Team and Generation Commissions begin to *multiply*.

**Here is how your Commissions work for the above 3 scenarios using the 3 product packs.**

**The Mission Pack Model.** This demonstrates what you can earn every month if everyone you enroll registers only 4 Affiliates. This is *only* a model – there are no earnings guaranteed. This is a perfect world scenario which is not probable, but you can see what's possible.

From left to right on the chart below you'll see the columns for *Levels 1 - 5*, you'll see the *Months 1 - 5*, the total number of *Pay Team Affiliates*, and the *Sponsor + Team + Generational Matching Commissions* that you receive for *each* level.

### 444 MISSION COMMISSIONS

This is **only** a **model** to demonstrate possible **monthly** earnings by everyone Registering only 4 people in their first **30 days** with **\$99 Mission Packs**.

**NO** earnings guarantee is implied.

Level	Months	Total Pay Team Affiliates	Sponsor + Team + Gen Match
1	1	4	\$60
2	2	20	\$88
3*	3	84	\$384
4	4	340	\$1,664
5	5	1,364	\$7,168

PROVIZION

\*Level 3 completes your first 444 Plan – your next goal is to help your Level 1's complete their 444 plans.

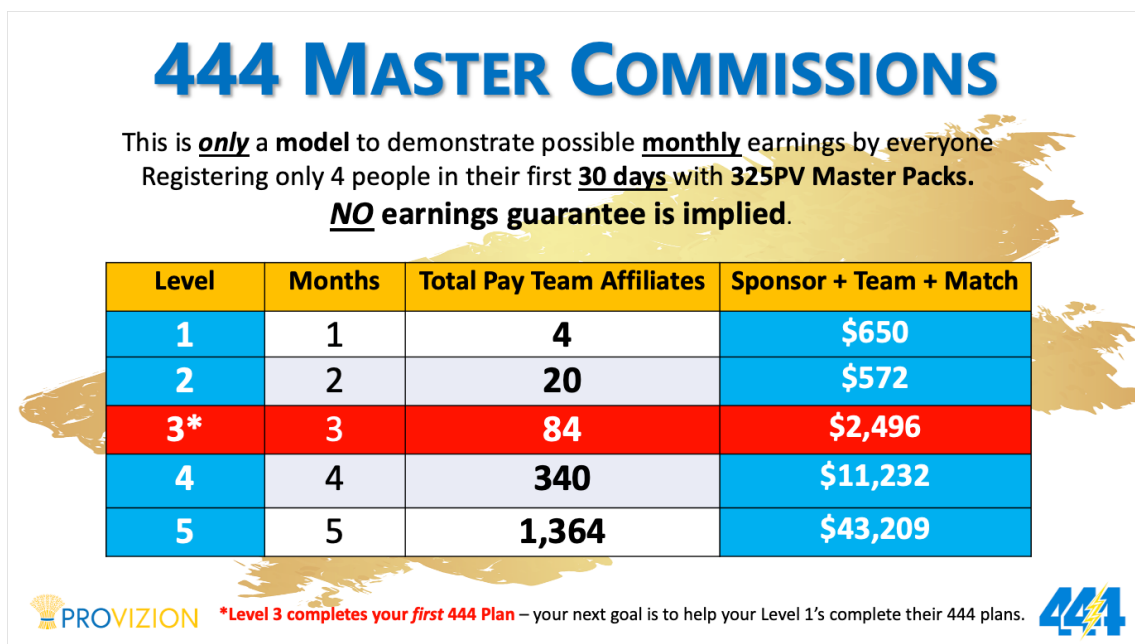

The row in RED highlights the Commissions for your 3rd level, but levels 1 and 2 also are filled out with 4 Affiliates on Smart Ship, for a total of 84 people. You would be earning about \$1,000 a month, and you can see the income grows as your Affiliate numbers grow in months 4 and 5.

This will most likely take more than 5 months, but if everyone understands how to build goals one, two, three - the 4 Affiliates you sponsored and the 4 they sponsored, and then the 4 they sponsored, and you keep that going, this is very possible, especially with the *Legacy Line* in play.

Now let's look at the Master Pack Model. This has the potential to **10X** your earnings. This model requires every Affiliate to be on Smart Ship with a Master Pack. That may seem a bit daunting to you and if it does, you're probably not ready for this strategy level yet, but some people will be.

Here's what the Master Pack Commission chart looks like. You can see on the right side of this chart that you are 10Xing everything you could earn with a Mission Pack. These are real possibilities. This is real potential. It's dependent on focused inviting and training effort to build solid teams.

**YOU RECOUP** the price of your Master Pack by selling one product to just 10 customers or two products to five customers at \$50 each. Why \$50? Because that's \$19 off the retail price, a big incentive for a retail customer to say "yes", and you've got your \$500 back. Also, you have five products left over that you can use, or you can give them as samples. **If needed you can pre-sell the products, collect the funds, and then make your order.**

### Now let's study the Legacy Pack Model.

With a Legacy Pack, your potential is about **20X** the earnings of a Mission Pack. Everyone purchases at least one Legacy Pack on Smart Ship each month. A Legacy Pack commission is powerful. The Sponsor Team and Generational Matching Commissions are anywhere from 19 to 21.5 times what you earn with a Mission Pack. **Not everyone's going to be able to do this. This is a lot of work.** This is a mindset that says, *"I'm going to build an extraordinary business and I have the capacity to find those kinds of people, those groups, that I can sell to."*

# 444 LEGACY COMMISSIONS

This is **only** a model to demonstrate possible **monthly** earnings by everyone sponsoring only 4 people in their first **30 days** with **650PV Legacy Packs**.  
**NO** earnings guarantee is implied.

Level	Months	Total Pay Team Affiliates	Sponsor+Team+Match
1	1	4	\$1,300
2	2	20	\$1,144
3*	3	84	\$4,992
4	4	340	\$23,851
5	5	1,364	\$60,278

\*Level 3 completes your first 444 Plan – your next goal is to help your Level 1's complete their 444 plans.

**YOU RECOUP** the price of your legacy pack by selling one product to 20 customers or two products to just 10 customers at \$50 each. **THE KEY** is to focus your efforts on established groups. These can be such groups as sports teams, trucking companies, student groups, private companies, or book clubs. Any group that has a corporate focus is worth pursuing. You want to sell once to many, not many times to one person at a time.

By selling 2 products to just 10 people in a group, that leaves 12 products for you to use and to give some as samples, perhaps to first responders such as firemen, policemen, EMT's, or the elderly. Hopefully those become customers, but you don't really care whether they're become Affiliates as your focus is to gain customers for each month's pack. You want them to continue to purchase from you month after month.

## Let's recap our Team Building Strategy:

- 1] You lock in your Smart Ship pack
- 2] You invite others to the LegacyLine Tour and follow up with them until they make their decision
- 3] You build focused on one of the 444 pack plans for three levels
- 4] You help everyone in your first 3 levels complete steps 1 - 3

**The 444 Team Building Strategy** is focused simply on inviting Legacy-focused people into Provizion. Not just anyone, but people who actually have a reason for building something of value. It's bigger than the company, bigger than themselves. IT's about leaving something that's meaningful and will be so for generations to come.

\*There are no income guarantees and these models are presented only as an example of possibilities.
