

MEA's Pre-retirement seminars will be held virtually by Zoom over the course of two consecutive nights from 5:00-6:15 P.M. The first night will be presentations from an MEA-Retired individual introducing the association, an MEA Benefits Trust staff person providing health insurance information and an individual discussing WEP/GPO (Windfall Elimination Provision/ Government Pension Offset). The next night a MainePERS (Maine Public Employees Retirement System) employee will present information about the retirement process.

Members should be prepared to attend *BOTH* nights.

Below are the dates for the upcoming Zoom seminars. The link to attend a session will be emailed to registrants the day before you are scheduled to attend. Registration information will be sent to all MEA members.
