## Homeowner's Affidavit

I have read, understand and agree to abide by the Covenants and Restrictions of the HOA. In return for approval, I agree to be responsible for the following:

- All losses caused to others, including common areas, as a result of this undertaking whether caused by me or others:
- **To comply with all state and North Port building codes.**
- Any encroachment(s) and easements.
- To comply with the conditions of acceptance (if any).

If you will be utilizing your neighbor(s)' property for access to perform construction of your project, you MUST enclose with your ACC Change Form a written, dated, signed permission letter, including their residence street number, to do so from your neighbor(s) BEFORE you are authorized to begin your project after ACC review and approval. If the modification is not completed as approved with the specifications submitted in this application and I refuse to correct or remove the modification, I may be subject to court action by the HOA. Landscape lighting requires ACC review and approval.

**Seasonal lighting** may not be installed on any tree, palm, or shrub in common areas. Include example and specifications of the lighting fixture including the wattage of the bulbs.

Carriage style is no longer required.

Outdoor fans with lights, when placed in locations wired by the builder do not require ACC approval.
