

CLIMED ACADEMY PRESENTS

Presents

ONCOLOGY PHARMACY CONCLAVE 2025

**8–12 December 2025
7:00 PM – 9:00 PM (Evenings)**

About the Conclave

Oncology Pharmacy Conclave 2025 is a dynamic 5-day advanced learning experience crafted to elevate the expertise of professionals across PharmD, Pharmacy, Nursing, Allied Health, and Medicine. This immersive event focuses on cutting-edge oncology therapeutics, evidence-based clinical decision-making, and collaborative multidisciplinary strategies.

The conclave brings together a distinguished faculty of medical oncologists, clinical pharmacists, dietitians and yoga physicians to deliver **11 highly-impactful sessions** and a **concluding expert panel discussion**.

Each session is designed to deliver **practical, clinically actionable insights** empowering participants to apply new knowledge directly in patient care, hospital settings, academic environments, and research initiatives.

WHO SHOULD ATTEND

- Pharm D (Interns, students, and graduates seeking advanced oncology insights)
- B.Pharm / M.Pharm (Pharmacy Practice, Clinical Pharmacy, Pharmacology)
- Nursing & Allied Health Professionals
- Medical Interns, Residents, and Oncology Staff
- Academic Faculty & Researchers
- Students interested in oncology, research, and clinical practice

OBJECTIVES OF THE CONCLAVE

- To strengthen foundational and specialized knowledge in oncotherapeutics
- To enhance clinical decision-making skills for comprehensive cancer patient care
- To equip professionals with knowledge in managing toxicities, infections, supportive care, and pharmacogenomics
- To engage participants on emerging therapies including immunotherapy, CAR-T, and other transformative trends
- To empower individuals with knowledge on the importance of nutrition and yoga in maintaining holistic health of patients
- To promote oncology research, publications and evidence-based practice
- To build a robust, collaborative community of oncology healthcare professionals

PRACTICAL APPLICATIONS OF THE CONCLAVE

- To enhance quality and efficiency of cancer care delivery
- To strengthen competencies in ward rounds, medication reviews, and patient counseling
- To understand the latest NCCN-guided protocols in routine oncology practice
- To strengthen SOPs for chemotherapy preparation, administration, and medication safety
- Apply supportive therapies, nutritional strategies, and holistic interventions in real-world settings
- Start impactful oncology-based research, case reports, and publications
- Design and develop teaching modules and training programs for oncology professionals

Speakers & Resource Persons:

Senior Manager,
Department of Clinical Pharmacology
HCG Enterprises Ltd., Bangalore

Dr. Ritesh Giri

Pharm D, Residency in Oncology
Assistant Professor, Dept. of Pharmacy
Practice
M. S. Ramaiah University of Applied
Sciences

Dr. Pravallika Vutukuru

Pharm D, Residency in Oncology
(JSS Mysuru)
Former HOD – Clinical Pharmacology &
Clinical Assistant - Oncology

Dr. Sukesh Krishna CL

Pharm D, FCID (John's Hopkins), MHFA
(UK), MBCT (UK)
Manager – ID Clinical Pharmacology
KIMS Hospitals, Kondapur

Dr. Kripa Bajaj

MD, DM, DNB, ECMO, MRCP
Senior Consultant Medical Oncologist,
Hematologist & BMT Physician
Omega Hospitals, Gachibowli

Dr. Laxma Reddy Mekala

Consultant Medical Oncologist
KIMS Hospitals, Gachibowli

Dr. Srinivasa Tejaswini Adada

DM Medical Oncology (MRCP-UK),
ECMO, ISB-AMPH
AI-Cancer Research (Cambridge),
Senior Consultant Medical Oncologist,
Hematologist & BMT Physician

Dr. Ajit Singh

Founder & CEO –
CliMed Research Solutions
ICMR Research Scientist (Cardiology),
KMC Manipal

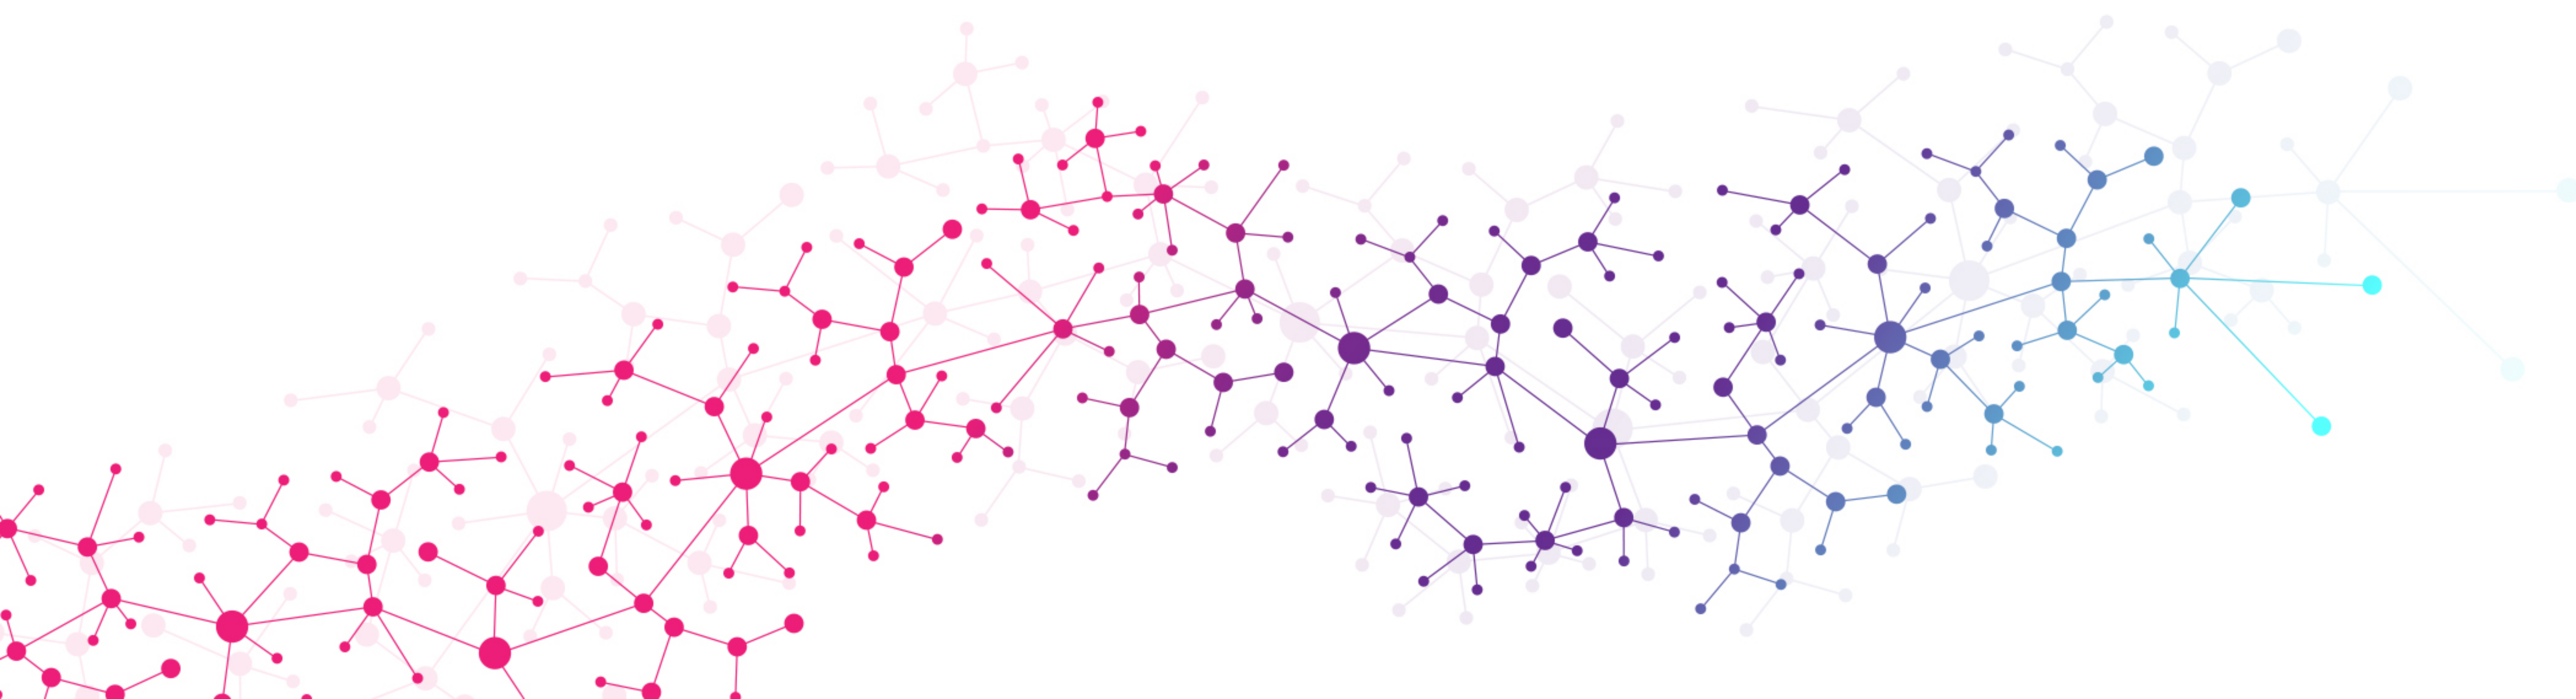

Dr. Sharanya Shastry

MSc, Fellowships in Sports Nutrition
Consultant Sports and Clinical Dietician,
India

Dr. Usha Rani M.R

BAMS, MSc Yoga (SVYASA)
Author, Yoga Researcher & Physician
