

Scholarship Program 2024

What is the Scholarship Program?

The **Scholarship Program** is a volunteer-based initiative to engage and improve the lives of individuals in the surrounding community.

The program offers an opportunity for individuals who struggle with employment, confidence, anxiety, creativity and discipline to get involved; and spend time with a unique team of managers and staff from Warrior Within, Spring Valley Lakes and its partner organisations.

You will be given the chance to learn from some of the most experienced professionals in their fields, gain an insight into the world of working in the leisure industry, challenge your understanding of the world of work and your own limitations, learn valuable new skills and gain qualifications.

In return we expect your time and your willingness to take part and get involved... and ultimately become part of this unique family. You will be provided with guidance, mentorship and support through-out and you will never be left to feel alone on this journey.
