"Hilarious illustrated nonfiction about bats perfect for beginning readers. Conversational text and silly illustrations will have you up all night reading about the only flying mammal on Earth!"

As world war II comes to a close, the United States and the Soviet Union emerge as the two greatest world powers on extreme opposites of the political spectrum. After the United States showed its hand with the atomic bomb in Hiroshima, the Soviets refuse to be left behind. With communism sweeping the globe, the two nations begin a neck-and-neck competition to build even more destructive bombs and conquer the Space Race. In their battle for dominance, spy planes fly above, armed submarines swim deep below, and undercover agents meet in the dead of night.

"The story of how Shaesta Waiz became the youngest woman in history and the first woman from Afghanistan, to fly around the world in a single-engine aircraft"

"Now more than ever, it's so important for everyone to understand our government: where it came from, how it works, and how we can bring about change. And, after all, in the words of author and government teacher Jeff Foster, "If you don't participate, you can't complain." This book is a comprehensive and entertaining guide that answers questions like: what is the

Constitution? what are the branches of the government? what is the Electoral College? what are the political parties? what are the different responsibilities of the city, state, and federal governments? Plus, discover the complete backstory on some of our government's most important moments, like why we wrote the Declaration of Independence, and how people since then have worked with -- and protested against -- the government to improve the lives of all Americans"

Global pandemics and lockdowns haven't stopped record breakers from achieving spectacular things: indeed, they've given many people the chance to focus on their ambitions and attain goals beyond their expectations. As ever, Guinness World Records is there to document and ratify these remarkable accomplishments, and our fully updated 2022 edition is a celebration of the tenacity and determination of the human race.

"Hilarious illustrated nonfiction about mosquitos perfect for beginning readers. Conversational text and silly illustrations will have you up all night reading about the most annoying bug on Earth!"

An illustrated explanation  
of what a refugee is.
