"Before he becomes Superman, Clark Kent must save his hometown of Smallville"

When Loki and Amora cause the destruction of one of Asgard's most prized possessions, Amora is banished to Earth, where her powers will slowly and excruciatingly fade to nothing. When Asgardian magic is detected in relation to a string of murders on Earth, Odin sends Loki to investigate. His journey in nineteenth-century London leads to more than just a murder suspect, it puts Loki on a path to discover the source of his power, and who he's meant to be.
