

# Houseplant Swap

Have a houseplant you're willing to trade or cuttings to share? Drop by our swap to meet fellow houseplant lovers and find a new plant to care for!

Starting April 15th, please bring healthy, labeled cuttings in water or potted plants in soil (please only bring pots that you are willing to part with). Everyone is welcome to browse and take home supplies on Saturday, April 20th, 10am-3pm.
