

LEMMON LIVESTOCK MARKET REPORT

WEDNESDAY, OCTOBER 23, 2024:

Price discovery is the exchange made between a buyer and seller on any given day. TRUE price discovery is realized when there is a competitive market with multiple buyers and sellers. From our perspective as a market, good cattle sell themselves. There was a wide range of both steers and heifers and once again the cattle with spring and fall shots including the 7-Way, 5-Way, and Pasteurella fetched a premium.

THURSDAY, OCTOBER 24, 2024:

There is high volatility in the market cow sector. Comparatively from past weeks weigh ups traded slightly lower, but over all they hung in there steady. Eat Beef. Go Cowboys.
