about us

---

KOOP Studio is a newly opened unisex hair studio and creative collective in South London.

We support and celebrate art and creativity by encouraging individual expression among our members, clients and partners. At the core of our work, is our collaborations with freelance stylists, artists and creatives, to whom we offer flexible workspace, studio chair rental and pop-up space.

We believe that simplicity and attention to detail is the key that connects our concept and core-values, and this permeates through our business from the look and feel of the studio, to how we provide our service and work with our members. Our mantra is to continually improve the client experience and our partnerships by striving to perfect the essential elements of our service and our studio space.

02

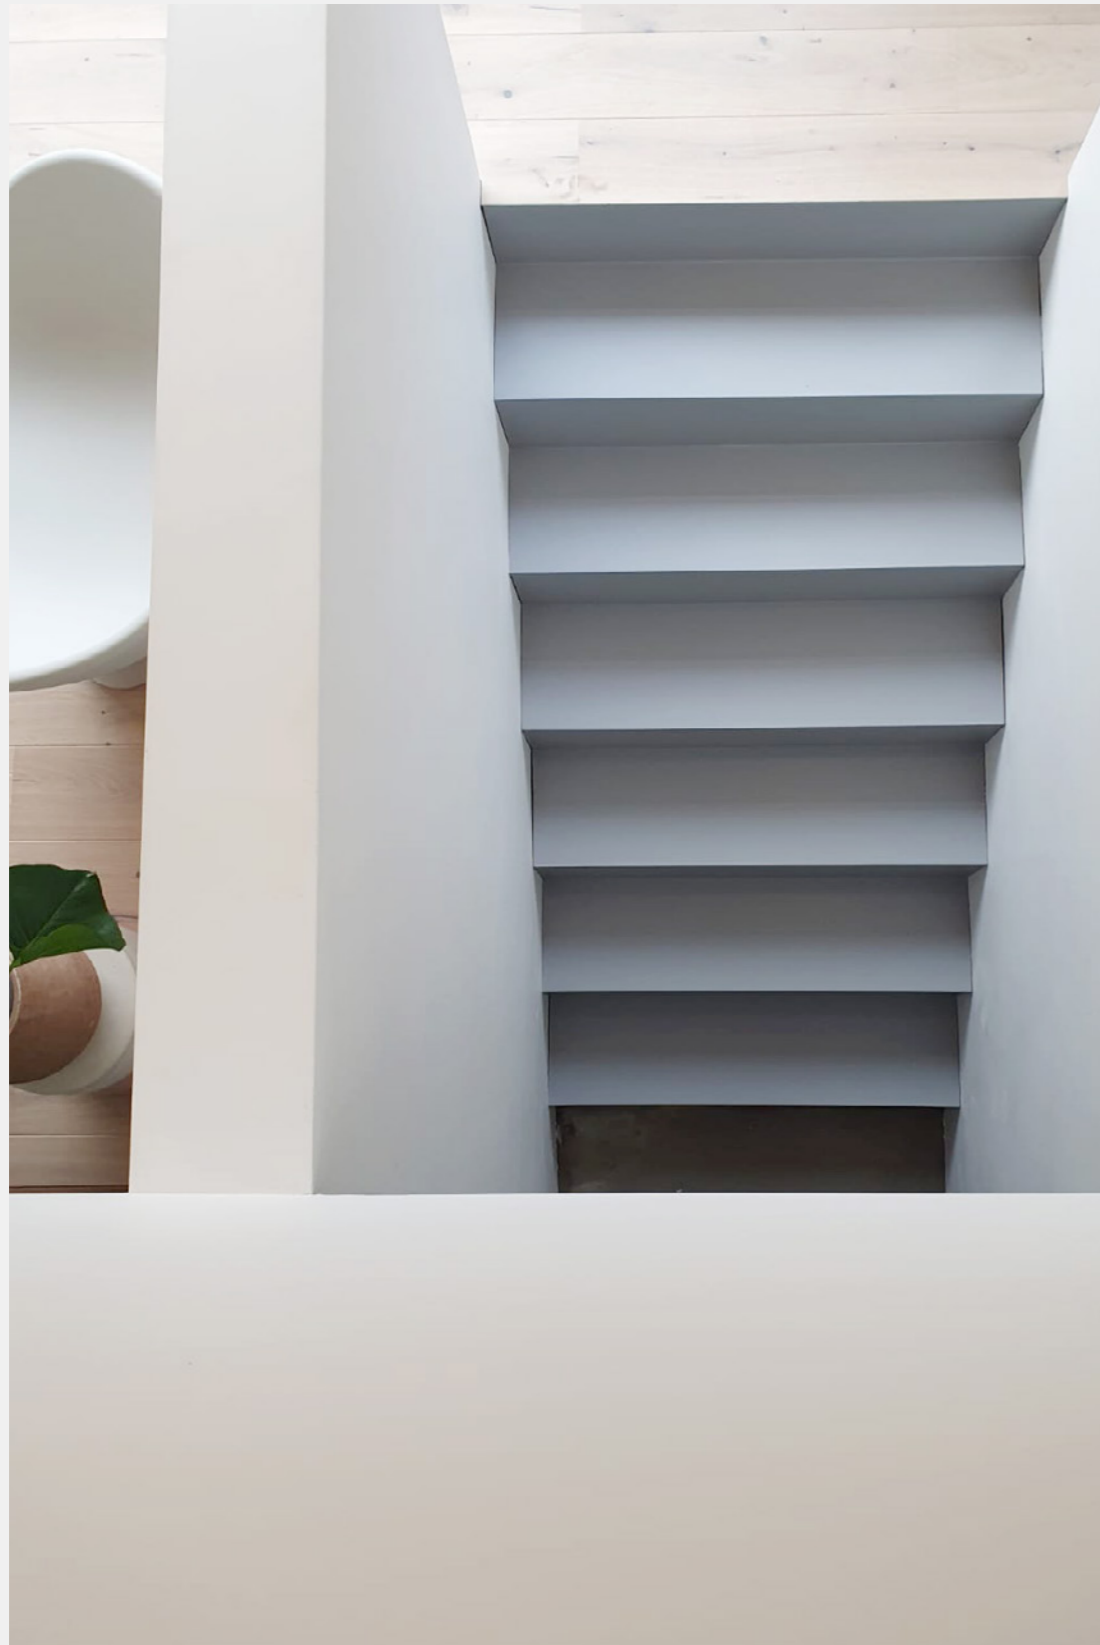

## our space

---

Our collaborations with freelance stylists and creatives are supported by the layout and design of our studio as a simple, flexible and adaptable environment that is split over three levels in an open plan space.

The studio embraces a minimalist ideal, free from clutter and unnecessary objects. It has been designed in the spirit of creating privacy without enclosing the space, creating a unique, comfortable and neutral environment to enhance both the client experience and our members working environment.

The space is organised to optimise the way stylists work. It enables fluid work flow and encourages positive habits and routines. We firmly believe that a well-functioning, organised and clean work environment adds to the pleasurable experience of our guests, members and clients, and portrays a positive impression of the studio overall.

03

join us

---

We are calling upon like-minded freelance hair stylists to offer the opportunity to collaborate with KOOP by renting a chair in our hair studio.

We believe in creating a community based, creative work environment and are interested in collaborating with talented and independent stylists with whom our ethos and purpose resonates.

Our mission is to encourage entrepreneurship and independence among our community, and to give opportunities to freelance stylists to help them generate more income. We do not charge any commission and a flat rate is charged for chair rental according to how each of our members wish to operate.

Chair Rental Pricing:

Per Hour - £18 + VAT

Flexible hour by hour booking available

04

## the details

---

The studio is split across three levels in an open plan space of 97m<sup>2</sup>. A light filled reception area is located at the entrance ground floor level with large windows to the street. KOOP's hair studio and rental chairs occupies the upper level of the space with a creative workspace on the lower level along with the back of house areas.

Our space provides all the amenities needed, including a large storage space, kitchenette, office, cloakroom for your guests, WC, WIFI and security. We are there on a daily basis to ensure that your customer experience and work environment is taken care of.

We encourage our members to bring the tools they need during their day, hairdryer, water spray, hair products etc. This is to ensure that everyone is comfortable with the tools they are using, as each individual has their own way of creating. We will provide disposable towels, drinks, sanitiser, disposable face masks.
