SELLING 85+ SPRING AND FALL BORN BALANCER, ANGUS, AND
RED ANGUS BULLS *Plus!* 20 BRED FEMALES & 10 OPEN HEIFERS

ALSO SELLING
8 PUREBRED
WAGYU BULLS!

WELCOME 39TH ANNUAL

SWANSON CATTLE BULL SALE

We are once again excited to invite you to our 39th annual production sale. We have been dedicated to the Seed Stock business, Since 1984. With a strong awareness of the advantages of heterosis, we continually crossbreed the finest low-maintenance, long-lasting, and robust maternal cows. Over the years, we have fattened cattle in more than 40 pens. Typically, these cattle gain between 3.5 to 4.0 pounds daily and yield from 64% to over 65%. Our pens consistently achieve grades ranging from 90% to 100% choice or better, with feed conversions as low as 5.10. We rigorously cull our cows based on their disposition, feet, and udders. These females also exhibit exceptional carcass merit, maternal instincts, impressive performance, and ease of calving.

We are thrilled about this year's set of bulls. We have a large selection of AI sires and also herdsires we have raised. The consistency runs deep in these bulls. These cattle will convey muscle, fleshing capability, and overall soundness in a well-rounded package. These bulls are expected to produce high-quality feeder calves and outstanding replacement heifers, supported by a solid program. They are raised on a high roughage ration designed to help them reach their full potential without pushing them too hard. We are offering eight purebred Wagyu bulls, accompanied by an optional calf buyback program. These bulls are particularly recommended for heifers, as the resulting calves exhibit low birth weights and easy calving.

Additionally, this year we will be offering open heifers and bred females, providing you with an excellent opportunity to integrate some of our genetics back into your herd.

We are excited to spend the day with you and treat you to lunch. You're welcome to visit and check out the bulls before the sale. Thank you for considering our program, see you Tuesday, March 4th!

*Jeff & Denise Swanson
Seth & Jami Swanson*

TABLE OF CONTENTS

Balancer Bulls	Lots 1-61
Angus Bulls	Lots 62-73
Red Angus Bulls	Lots 74-87
Wagyu Bulls	Lots 88-95

39TH ANNUAL BULL SALE

TUESDAY, MARCH 4, 2025 / 1:00 PM (CST)

GUARANTEE: All bulls selling for \$4,000 or more will carry a first breeding season guarantee. In the event a bull dies in the first breeding season, we will credit 50% of the purchase price. If a problem arises, please call us ASAP to discuss options.

HERD HEALTH: All bulls have been footrot vaccinated and will be fertility tested by delivery.

BULL BOARD: Free board on all bulls until March 25th. Feeding arrangements are available until May 1st @ \$4.00 per day. We offer free delivery within a 200-mile radius on bull purchases of \$5,000 or more. We will assist with delivery on all purchases. Delivery will start in mid-March. Bred Females and Heifers will need picked up within 1-3 Days.

SEMEN INTEREST: SCC is going to retain 50% semen interest in all bulls selling. This means that if semen sales develop on a bull, the buyer and seller would split revenue equally. Also if the seller would want to use the bull for in-herd use, the seller would collect the bull at the seller's expense and the buyer's convenience. The buyer would have all possession rights.

TERMS OF SALE: Cash, unless other arrangements are made prior to the sale.

BIDDING: All animals sell to the highest bidder. Any disputes or challenges regarding bids shall be settled by the auctioneer and his decision shall be final. Telephoned bids may be forwarded to the auctioneer, representatives, or herdsman and will be handled with strictest confidence. Prior arrangements for telephone bids at sale time must be made.

LIABILITY: All precautions possible will be taken to protect the safety of the buyers and others attending the sale. Nevertheless, no responsibility will be assumed by the auctioneer or the host ranch in the event of accidents or of loss or damage of property.

VOLUME DISCOUNTS: Purchase 5 or more bulls for a 5% discount.

ONLINE BIDDING: The sale will be live on DVAuction and LiveStock Market. Check our website for details.

Here's the fresh pedigree growth and performance sire the breed has been seeking. Barricade is unmatched in his depth of body, muscle shape and power combined with outstanding growth figures. One of the most exciting parts is his maternal performance. He ranks among the best in the breed for \$M,HP,CLAW and ANGLE. Look for him to sire those easy-fleshing daughters that breed up quickly and last for many years in your herd.

Swanson Cattle Company's Howard Bull is truly a standout in the breeding industry. His dam, 489B, is exceptional, showcasing an impressive udder, a refined front end, substantial rib capacity, and rear quarter. Howard exhibits remarkable agility, moving with the grace of a cat, and boasts a broad top, deep body, and heavy muscle. His progeny are equally impressive, and he undoubtedly ranks among the finest bulls ever produced on the ranch. Notably, Howard sired the champion balancer heifer at the Nile event in Billings, Montana, in the fall of 2023.

Calving Ease sire that displays an overpowering physical presence with amazing base width, thickness and internal dimension. A genomic standout that continues to excel as a highly proven sire, no other bull in the breed today can touch his combined levels of Calving Ease, Birth Weight, Performance and Accuracy.

WAGYU BULLS

OPTIONAL CALF BUY BACK PROGRAM Wagyu bulls are known for their high libido and consistency in producing low birthweight calves, reducing the risk of dystocia and increasing the opportunity for profitability. Using Wagyu bulls provides many benefits: increased opportunity for pregnancy, low birth weight calves, increased breed back, and a calf that yields a premium over market. We commonly work with Angus and Balancer based herds. It's a good cross, because the Angus and Balancer breed has done so much work on carcass quality. The actual premium of the buyback program is based on the five-day CattleFax average for fed cattle. Feeder cattle premiums are 20¢ per pound above similar weight and quality cattle. Calves **MUST** be guaranteed to be out of Swanson Cattle Company Wagyu Bulls. Calves must be weaned a minimum of 30 days prior to delivery. Calves must have birth and weaning records and recommended calf vaccinations.

LOT 89

Sire HEARTBRAND DOS EQUIS XX 3618H

HeartBrand Dos Equis XX 3618H is the first homozygous polled purebred Akaushi bull ever bred. Six generations in the making, this bull has all the superior qualities of Akaushi.

Akaushi cattle have extremely efficient, consistent production and low birth rates for calving ease. Using Akaushi bulls to sire half-blood Akaushi cattle has shown to provide significant Akaushi genetic advantage when crossed with breeds worldwide, consistently doubling Prime grade and improving yield.

Sire

BAR V TAZSUKAWA 753E

PB35482

BarV Taz 5U 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. With proven carcass and growth performance! The dam of Tazsukawa 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Taz 5U 754E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

Sire DISCOVERY J20 SCRPS20J

Marquarie Wagyu Discovery is a unique opportunity to acquire polled G113 sire genetics currently available in the world. His sire G113 is already a breed legend and carcass data shows his progeny are also breeding on. His Dam Bar R F104 comes from Jerry Reeves BarR program, known for high marbling genetics and selected for her impressive phenotype, size, and maternal qualities. Discovery progeny are already in feed programs in the USA with carcass data expected this year. His Breedplan and EBVs are extremely well balanced and he is recessive free.

THE NEXT GENERATION

The next generation of our herd is taking shape. Seth and Jami have been actively incorporating Wagyu into our breeding program. Our journey began in 2021 when we tasted our first Wagyu Ribeye steak, and we were immediately hooked. Since then, we have dedicated four years to expanding our herd. We now possess heifer bulls that complement your Angus-Balancer bulls exceptionally well. We have been engaged in the process of filling pens with F1 Wagyu, a crossbreed consisting of 50% Wagyu and 50% Angus, for our meat business. We offer premium beef available for sale.

There will be more exciting news coming soon so stay tuned on facebook and our website!
