

1. JohnHereToHelp - FBI Scandal to stack court with Obama judges

August 27, 2019|JOHNHERETOHELP, NEWS, TWITTER, BOOMS, 8CH / QPOSTS, SCANDAL, FBI

We're all missing 8chan and Q drops...right?? Welp...this may help you through those Q / 8Chan withdrawals.

@LizzjustLizz introduced @SantaSurfing to @johnheretohelp aka Prometheus. Why do we call him Prometheus...here is why:

Prometheus

In Greek mythology, Prometheus is a Titan, culture hero, and trickster figure who is credited with the creation of man from clay, and who defies the gods by stealing fire and giving it to humanity, an act that enabled progress and civilization.

Prometheus is known for his intelligence and as a champion of mankind.

Does this also define the 30 Q Drops referencing the term from "[Dark to Light](#)"?

A very eye opening series of chirps with Prometheus and @SantaSurfing happened and Prometheus was asked him who he was, here are a few responses and link to this [chirp session](#).

They did their best to get everything I not only saved pieces I documented who handled them and have their fingerprints on certain pieces. The same team still managed to take out Justice Scalia, that's the level they go to. Strzok/Page just tip of iceberg.

FBI should be disbanded immediately and permanently. Want to see one of the examples of this explosive? The chemist blew himself up and injured 19 officers, and took out part of his neighborhood a while back, others involved got 25 years in prison.

More recently, [Heatstreet](#) lists professor Molly Macauley, a prominent economist & senior think-tank official associated with climate change and other left-wing economic concerns, "was stabbed to death by a mysterious assailant Friday night, July 8, while walking her two large dogs."

No known associations with Clinton are immediately evident, however, there are political connections between the infamous "Clinton Foundation," with its spiderweb of donors and otherwise, and affiliated political associates of both the Clintons and Macauley.

5. Barry Italian Job Scandal to take down Trump - Part 1

September 5, 2019|JOHNHERETOHELP, TRUMP, NEWS, DEMS, BOOMS, 8CH / QPOSTS, SCANDAL, FBI

Obama couldn't do anything right. His birth certificate was fake, his leadership was Valerie Jarrett...all his records sealed, his religious beliefs was not Christian. Suddenly in 2015, Trump announces his run for POTUS and he is in freak mode!

So what does he do? Loser Barry concocts a plan to frame Trump and seeks the help of the Italian Prime Minister, Matteo Renzi, to help with his plan. Why Italy, [@JohnHereToHelp](#) enlightens me that it doesn't seem like a big fit for them but he knows that middle Eastern money Muslim interests have been shoving tons of money into Italian politics and Obama is all about the Muslims.

[@JohnHereToHelp](#) posted a story about Obama's Italian Job and let's meet the players that are not as visible as other Swamp Dwellers:

Matteo Renzi

Matteo Renzi Italian politician who served as the Prime Minister of Italy from February 2014 until December 2016. He has been an Italian Senator for Florence since 2018.

After serving as the President of the Province of Florence from 2004 to 2009 and the Mayor of Florence from 2009 to 2014. Renzi was elected Secretary of the Democratic Party, holding this role from 2013 to 2018, with a brief interruption in 2017. He resigned as Party Secretary following defeat in the [2018 election](#).

Anthony Ferrante
He joined the FBI in 2008 as a special agent and eventually became chief of staff of the FBI's Cyber Division and then director of Cyber Incident Response at the National Security Council. He is now the senior managing director and global head of cybersecurity at FTI Consulting, is now also a law enforcement analyst for CNN. Prior to joining the private sector, Ferrante served as director for Cyber Incident Response at the White House's National Security Council. He was also chief of staff of the FBI's Cyber Division and was previously a member of FBI's Cyber Action Team.

Anthony Ferrante, served as director for Cyber Incident Response at the White House's National Security Council. He was also chief of staff of the FBI's Cyber Division and was previously a member of FBI's Cyber Action Team.

Prior to joining the private sector, Ferrante served as director for Cyber Incident Response at the White House's National Security Council. He was also chief of staff of the FBI's Cyber Division and was previously a member of FBI's Cyber Action Team.

Jordan Rae Kelly served as the Director for Cyber Incident Response on the National Security Council at the **White House**. During her tenure there, she was responsible for both national incident response coordination, as well as management of the U.S. Government's process for managing zero-day exploits. She was also a chief author of the National Cyber Strategy, the first of its kind in the United States in 15 years.

She is a Senior Managing Director in the Cybersecurity practice at FTI Consulting . Ms. Kelly has more than 12 years of experience managing cyber policy planning and coordinating incident response.

Ron Yearwood joins FTI Consulting from the Federal Bureau of Investigation ("FBI"), where he was a special agent for more than 23 years. As the FBI's chief hacker, he most recently served as the Cyber Division's senior executive in charge of the most advanced reactive and proactive technical operations. In this capacity, Mr. Yearwood directed the FBI's national Network Intrusion Rapid Incident Response team, which was responsible for managing hundreds of successful engagements. He also led the FBI Cyber Division's advanced digital forensics and malware analysis teams, bringing a full spectrum network intrusion incident response capability to bear against the nation's most advanced persistent threats.

And then the typical Swampsters, Barry, HRC, Comey, and Mueller. Today, Ferrante, Kelly and Yearwood all work for FTI. FTI started by ex FBI intelligence people that appears to use their government contacts to build a company...sounds similar to Fusion GPS and CrowdStrike. Over 70 percent of day to day intelligence is farmed out to these type of companies and they sell it overseas and many times are owned or controlled by foreign interests! Now here is the story...this will make you fight so hard as Digital Soldiers because when these crimes are exposed and they are implicated, these crooks will hopefully face GITMO!

6. Barry Italian Job Scandal to take down Trump - Part 2

September 9, 2019|JOHNHERETOHELP, TRUMP, NEWS, DEMS, BOOMS, 8CH / QPOSTS, SCANDAL, FBI

New Developments have been brought to our attention since we published the Italian Job segment.

[Read Article Italian Job Part 1](#)

[Listen Article Italian Job Part 1](#) (7:00 Min)

Let me re-introduce @JohnHereToHelp. He worked with and for many of the Swamp Dwellers. He served in a very special capacity in the government and has exposed so much dirt on the plethora of crimes from the crooked government. He is a no BS guy and he has shared much of their corruption on his Twitter account [@JohnHereToHelp](#).

It's a story that [@JohnHereToHelp](#) was tweeting about back in July 2019 about Obama's Italian Job Scandal is recently confirmed by:

- [@JaySekulow](#) (Trump's Attorney) [Article](#)
- [Gateway Pundit Article](#)
- [Article and Video by Neon Revolt](#) (at the 55:20 Minute Mark)
- [Jeanine Pirrio's opening statement](#) Retweeted by Trump

In my first article about Barry's Italian Job, we now know:

- Trump announced his presidency and Barry concocted a plan with Italy's Prime Minister (at that time), Democrat Matteo Renzi, to take down Trump. We also know that Renzi loved corrupt Barry and took the bait.
- Barry holdovers working were three White House insiders, Anthony Ferrante, Jordan Rae Kelly and Ron Yearwood who all were working in a Cyber / Security division capacity at the White House and now they are working at FTI Consulting.
- FTI Consulting is formed by ex-government people and obtain intelligence much like Fusion GPS or CrowdStrike. 70% of government

intelligence is sold to companies like FTI and that information is farmed out overseas to other countries. In other words, these companies sell America's playbook.

Anthony Fernnante

Jordan Rae Kelly

Ron Yearwood

- Companies like FTI use government contacts to get information to sell...if that were the case, then shouldn't the government receive those monies since it is the intellectual property of the government? But that is not the case. These companies appear to steal America's intelligence and then sell it for a profit.
- Comey was given intel, security detail and classified documents after he was fired as FBI Director and without having the proper security clearances to review any of these documents.
- These people concocted plans to take down Trump as President and even his life. But because they are all losers, they even failed at that....even by cheating! Sound familiar?
- Matteo Renzi left the political arena in disgrace. His efforts to destroy Italy was superseded by the power of the people of Italy. He ultimately resigned.

The Silver lining:

- Trump and AG Barr have it all. All of Barry's Italian Job secrets were stored in the White House server. So Trump has it all and doesn't need a subpoena or Congressional approval to access it.

The latest news we learned after the article reached Italy and other parts of the world:

- Two Civilians have been set up by the corrupt Italian government to silence them. One in particular, [@g_occhionero](#), a Nuclear Scientist and Investment Banker, to expose this Italian Job scandal as treasonous. He served one year in jail and his sister, Francesca (an American Citizen) served 8 months. Their set up is mentioned in this article published by the left leaning [Guardian](#). At Mr. Occhionero's final hearing a member of Consiglio Superiore della Magistratura which is the top body governing magistrates in Italy attended. Why would a member of the top body of governing magistrates attend a sentencing hearing for two civilians? Is it to ensure that they are muzzled from sharing the truth and got put away? Is it to silence them about the setup to silence them?

- Mr. Occhionero conveys that Matteo Renzi resigned but placed his puppets in the current government.
- Mr. Occhionero claims the US Embassy in Rome, Italy is filled with some very bad people beginning with the FBI's who handled Steele. It is believed that those in this US Embassy (in Rome) convinced Trump to endorse Giuseppe Conte. Conte identifies himself as a Center politician, yet would sell himself in any political condition (or as we define, he is a political prostitute).
- JohnHereToHelp says Renzi is a piece of crap and was selling Italy out from under Italy he was selling intelligence along with drug shipments, and non drug shipments for the Muslims. Renzi was working against the established Italian mafia. While Renzi was cracking down on the Italian Mafia, he allowed Muslims to bring in drugs and take over territories he had previously "cleaned up".
- On Obama's guidance Renzi was selling out his own country and financing terror. All to make himself wealthy.
- JohnHereToHelp did expose all the crooks involved especially those spies within the White House that are now employed at FTI Consulting.
- JohnHereToHelp has been told by his handlers to not release any names. It appears that they do not want JohnHereToHelp to post any more stories and truth bombs on social media.

John
@Johnheretohelp

identifies himself every time, and flashes the badge when we meet, he's only been around since 2015 😞. The other "representatives" I have to deal with just say, "hey John". Anyway Mr.Flippy called to tell me not to name anymore people involved in this issue because of a ongoing

investigation. But! And this is a Sir Mix Alot sized Butt! He didn't say not to clarify what I already put out there 😊

So here goes!

Anthony Ferrante and Jordan Kelly, and UN-NAMED OTHERS, have been spying on President Trump within the White House and sending that info to James

For the past few days @JohnHereToHelp Twitter account is severely compromised.

- President Trump recently retweeted [Jeanine Pirrio's Opening Statement](#) referencing James Comey's ongoing corruption to only benefit Comey. Highlighting:

1. Fired Comey taking materials and memos that is government property.
2. Not authorized. Broke rules and regulations and taking classified information is highly illegal.
3. Comey Clip making statement that it was his personal property.
4. Comey isn't home free...

So now let's talk about the Whistle-blowers in this Italian Job, JohnHereToHelp, Guilio and Francesca sacrificed so much to expose the truth. Is this scandal that huge that these whistle-blowers would risk everything including their lives to take down the deep state? Why do the Occhionero's both residents of Italy, care about what happens to President Trump? Why did JohnHereToHelp chose the truth over living an extremely lavish life?

Because they chose the truth over money. They are fighting for us to expose evil. It's inherent in their DNA to expose the truth.

For Italy and other countries throughout the world, they know the importance of Trump's role for their own country. They saw the path their country would face should they continue to place left leaning politicians in office. They also know that President Trump is a self-made billionaire that gave up everything, to run and serve America that has a global effect. He wasn't and isn't in it for the money, he is our President because he wanted good to happen to all.

When will this truth ever get exposed and we can see justice? Why is Trump's attorney, Jay Sekulow, now writing articles about this scandal? Why is Jeanine Pirrio now talking about this scandal? And if any of these United States corrupt individuals were charged, they could face life in a beachfront property, fully guard gated with their own private quarters, with free meals and wardrobe included...GITMO.

So many wonder why Trump is slow walking justice. In government, there is tremendous red tape and a process. Trump mentioned during his campaign rallies that he would not ever reveal his plans for the enemies, that includes the enemies within our own country.

President Trump achievements in less than 2-½ years is remarkable considering the lack of support from both parties; the resistance; fake news constantly bad mouthing him; the false flags, the big names trashing Trump. And yet, the caveat from this is Trump's approval rating among Republicans is 94%...that is significant. Among all is 52%...even with fake news!

But Trump has a plan and he knows exactly when and how to execute his plan.

Trump is a developer. A beautiful Trump Tower from inception to completion isn't built in 2-½ years. It takes considerable planning. However, rather than building a new structure, Trump had to take a building (a Damaged America) that was on the verge of explosion from the Deep State, corrupt individuals and resistance groups and redevelop it. The foundation first, then repair the building. Re-Development is much more taxing than development from the ground up. Imagine standing on a high rise scaffold, trying to fix something and your enemies / competitors keep knocking down the scaffold to destroy you; or they burn another part of the building; or they hire protesters that to beat you up or they bribe your right hand person to take you down; all while rebuilding...you get the picture and Trump continues to fight off these enemies every single minute of the day.

The Italian Job Scandal is so huge and the most of the media refuse to report it. But Trump needs to protect us from civil unrest.

It's just a matter of time folks. In closing, think about the people we are NOT seeing lately. No Name and Papa Bush were just the beginning. But where are those movie stars that were yelling at us and spewing so much hate? Or James Clapper, John Brennan, John Kerry, Donald Rumsfeld, Jeb Bush, George Bush Jr., Laura Bush, etc...where are they?

This is a battle of Good versus Evil. Trump's got a plan and he will systematically execute that plan at the right time. All those that spied on him...once implicated...will fear their new digs at places such as GITMO. But he needs your support! It is imperative to get our Congress filled with America supporting Republicans in 2020...both the House and Senate. This will not only help our country, but other countries as well. It's all about Timing.

Other Countries dream of having a President or leader like President Trump run their countries. As [@martingeddes](#) Tweeted:

Martin Geddes @martingeddes · Sep 8

Dear American friends,

After you've finished, can we have him? We may have a monarch position open, and we've never been too strict when it comes to residency or nationality requirements for our Head of State. Very flexible indeed, so it turns out.

This press conference has a whole new meaning to Insurance Policy. Many of us Americans referred to the Insurance Policy as the Anthony Weiner laptop...but now we understand it has an even bigger meaning (as outlined in the [Italian Job Part 1 Article](#)) UsaNews.com posted this @GatewayPundit article referencing Italian Whistle-Blower Guilio Occhionero ([@g_occhionero](#)) letter outlining the crimes.

In @JohnHereToHelp tweets, he's posted pics of hard drives, thumb drives, and recently a key. JohnHereToHelp dirt on Matteo Renzi and loser Obama is: Loser Obama had his version of Operation Sunrise. It was to a worldwide operation to set up Muslim enclaves throughout every part of the world. Think Fast and Furious on a worldwide scale. So this Operation Sunrise Fast and Furious worldwide by sending weapons /guns into Mexico and Mexico sends those same weapons/guns back to the USA but to Muslim enclaves:

According to @JohnHereToHelp...Loser Renzi made himself a very wealthy man by using government money allocated for different purposes, but diverted used those monies to fund weapons / guns into Italy Muslim enclaves and line his personal bank account!

Remember when Barry funded Iran with boatloads of cash...Renzi helped Obama launder that Iran money into Europe and drain Italy dry while they both made a fortune! Now this is all making sense as to why the EU leaders supported the Iran Deal and Trump stopped that from happening! It was a Worldwide money laundering scam to empower Muslim enclaves throughout the world.

But guess who has tracked the money for most of this...yes...our hero and Whistle-blower! While our Patriot was at the government working in various groups with DOJ Finance and terrorism...he connected the dots.

Now we have connected JohnHereToHelp and Occhionero's: Please be sure to follow them [@JohnHereToHelp](#) [@G_occhionero](#) [@francescaocchi9](#)...they all paid a huge price for the people of the USA and Italy!

This is a battle of Good vs. Evil

God Bless you John, Giulio, and Francesca!

September 15, 2019|JOHNHERETOHELP, BOOMS, 8CH / QPOSTS, SCANDAL, FBI

@JohnHereToHelp post interview affects...he needs time to heal. This interview (our very first interview) was intended for John to share his story. John has attempted to share his story on Twitter for a few months dating back to June 2019, as show in Liberty's [@Dmills3710 post](#). John shared his horrifying treatment and experience just for sharing the truth. John, his wife and dear friend Molly MacCauley paid a huge price just for standing up for the truth. The outpouring love and support for John, post interview, is remarkable!

But we didn't hear it all. This next segment is not for the faint of heart. We all were repulsed and angered by the torture to John and his wife. RR and gang allowing this torture to happen...only to silence John. John was exposing their corruption, extortion, blackmail, chemical weapons to stack the US court, and much more.

Some wanted to know more details. Click on [John's link](#) to see his Twitter posts (below are his Twitter remarks):
