**HBS Greenauz Building Materials Trading** is a Limited Liability Company located in Sharjah mainland to supply building & construction materials to local markets as well as to export in other potential markets.

We are a team of seasoned professionals, specialized in different disciplines and our staffs are specialized in trade with rich experience and excellent business capability. We have a long and good experience of working with different manufacturers, suppliers, buyers and importers. We always ensure that all our customers are given first class treatment whenever they deal with us. **We source our products from first class producers and we distribute & trade in both retail and wholesale.**

As a team we have developed extensive experience within the **building & construction materials industry in UAE** and also have unique access to a wide range of international resources. Our highest standard of trade process satisfies domestic & international customer's selective demands. Our key members have over 15 years of experience in the cement & building materials industry which has built a strong local & international network.

**Our core values are:** Working as a trusted partners and offering innovative solutions while also promoting the usage of 'green' (eco-friendly) materials to our clients. Our aim is to become a **one stop solution for all your Building Materials need**

**Marketing & Support Services:** We along with our sister concern also provide specialized strategic advisory and support services such as **market surveys, market research and feasibility studies**, strategic planning and project management. We are well versed with conducting full market study (such as market mapping of building materials, cement, cementitious, green building, environment & sustainability initiatives).

**Technical Services:** We along with our sister concern offer a wide range of technical services and provide the best, most distinctive & proficient services in accordance to the needs of our customers.

**Logistics Services:** We execute all facets of the logistics to bring the required materials and products quickly and efficiently from source to the user. You can rely on us to get you what you need, when you need it and where you need it.

We understand the importance of identifying the right source and origin of the best quality of materials and then to work on the commercial viability of the material: ***Just outsource your requirements to us: (&) let us deliver it to you.....***
