HBS Greenauz Building Materials Trading is a Limited Liability Company located in Sharjah mainland to supply building & construction materials to local markets as well as export to other potential markets.

We are a team of seasoned professionals, specialized in different disciplines with rich experience and excellent business capability. We have a long and good experience of working with different manufacturers, suppliers, buyers and importers. We always ensure that all our customers are given first class treatment whenever they deal with us. **We source our products from first class producers and we distribute & trade in both retail and wholesale.**

As a team we have developed extensive experience within the building & construction materials industry in UAE and also have unique access to a wide range of international resources. Our highest standard of trade process satisfies domestic & international customer's selective demands. Our key members have over **15** years of experience in the cement & building materials industry which has built a strong **local & international network**.

Our core values are: Working as a trusted partners and offering innovative solutions while also promoting the usage of 'green' (eco-friendly) materials to our clients. **Our aim is to become a one stop solution for all your Building Materials need.....**

Marketing & Support Services: We along with our sister concern also provide specialized strategic advisory and support services such as **market surveys, market research and feasibility studies, strategic planning and project management**. We are well versed with conducting full market study (such as market mapping of building materials, cement, cementitious, green building, environment & sustainability initiatives).

Technical Services: We along with our sister concern offer a wide range of products & services and provide the best, most distinctive & proficient services in accordance to the needs of our customers.

Logistics Services: We execute all facets of the logistics to bring the required materials and products quickly and efficiently from us to the user. **You can rely on us to get you what you need, when you need it and where you need it & Our Delivery Comes Right on Time.....**

We understand the importance of identifying the right source and origin of the best quality of materials and then to work on the commercial viability of the materials: ***You focus on your work, Just outsource your requirements to us: (&) let us deliver it to you.....***

We Trade in wide range of Building & Construction Materials

Why Buy From Us

- Full range of building & construction materials
- Competitive Pricing
- Consistent Quality
- Prompt Response
- Timely Delivery
- International Network
- Cater to any Required Volume
- Branded Items
- Experienced Team
- Easy Accessibility
- Customer Services

Our Key Business Strengths

Experience: We have a good working experience in this industry & region for last 20 years. **Strong Business Relations:** We have strong associations with suppliers, customers & other business associates. **Customer Centric Policies:** These policies have supported us to ensure high trust in our name. **Adherence to Set Industrial Norms:** We supply products according to industrial standards & quality assurance

It is a one stop solution for all your Building Materials Need
