**"You become responsible, forever, for what you have tamed."**

**Antoine de Saint-Exupery**

Dear Mr. Schwarz,

**THANK YOU SO MUCH FOR YOUR KIND DONATION OF \$500.00 for our horse rescue farm.** This amount will help us continue to care for all the rescued horses we have on our farm. I have filled out the request form for the matching gifts program and mailed to United Technologies.

Your generous donation will help support our wonderful draft mares, Butterscotch and Caramel who came to us pregnant and starved from a Canadian Premarin farm that was closing. We will be able to supply them with new winter blankets, dental care and their spring vaccinations. Both are happy and healthy now and looking forward to finding a permanent home together.

All of the horses, when they first come to the farm, receive emergency veterinarian, farrier and dental care. Most have damage to both their bodies, minds and teeth from being starved. As bad as it sounds, most come back one hundred percent and are now happy and healthy and waiting for someone to adopt them and take them home.

H.O.R.S.E. of CT. is an approved 501©3, non-profit, all-volunteer organization struggling to care for all the horses at our farm. Please keep this receipt as a record for tax purposes. Your donation does not control either our organization or any of its programs. No goods or services were received for this gift.

Once again, thank you. We hope that you will come to the farm for a visit and see how your support helps us continue our work. We are enclosing a copy of our 2009 calendar showing how well our horses do after being rescued, along with pictures of Butterscotch and Caramel. The Premarin mares are pictured for the month of May.

Sincerely,

Patty Wahlers

**Subject:** Request for Photos of Butterscotch and Caramel

Dear Patty Wahlers,

Recently, I made a donation to HORSE of CT on behalf of Yvonne Allen, "Voice for the Horse" website, Vancouver, BC. Yesterday, I received a very nice letter from you, a calendar and photos of Butterscotch and Caramel. "Voice for the Horse" would like to do an article about HORSE of CT and I would greatly appreciate it if photos of Butterscotch and Caramel could be emailed to Yvonne Allen at my5sails@telus.net.

We appreciate your on going work and plan continuing support.

Very Sincerely,

Leonard Schwarz
