

Andrea Cascia Tamayo

LMS ADMINISTRATOR & LEARNING EXPERIENCE DESIGNER

actportfolio.com/my-work

acascia@gmail.com | 619.459.5858

Building structured learning ecosystems that connect onboarding, workflows, and workforce readiness.

20+ portfolio projects across eLearning, LMS architecture, and performance support

Scenario-based design • Role-based pathways • Workflow-driven training • WCAG 2.1 AA accessibility • AI-integrated development

LMS ARCHITECTURE & LEARNING SYSTEMS

★ **Featured**

Learning Ecosystem & LMS Architecture

Scalable role-based learning hub demonstrating onboarding logic, governance standards, naming conventions, role-based pathways, and workforce readiness dashboards.

LMS Architecture Governance Onboarding

actportfolio.com/lms-architecture

Performance Support

Network Performance Concepts

Interactive infographic using analogy-based scaffolding to teach bandwidth, latency, and throughput. Built in HTML/CSS/JS with full WCAG 2.1 AA and Section 508 compliance. Animated TCP handshakes and throughput visualizations.

Interactive Accessibility HTML/CSS/JS

ELEARNING COURSES & ROLE-BASED PATHWAYS

Certification Pathway

AI Certification Learning Platform

Role-based certification framework with structured onboarding, readiness scoring, and progressive learning for legal professionals.

actportfolio.com/ai-certification-legal

Scenario-Based

Cybersecurity Incident Training

Simulation guiding learners through incident response, threat analysis, and workflow-driven decision making in a risk-free environment.

actportfolio.com/cyber-security-case-study

Clinical-Adjacent

Wildlife Care Training Simulation

Scenario-based simulation for animal care professionals demonstrating clinical workflow design and performance support.

actportfolio.com/wildlife-care

LEARNING STRATEGY & SERVICE DESIGN

L&D Strategy

Service Excellence Learning Strategy

Comprehensive L&D strategy strengthening service culture, leadership capability, and consistent client experience across a multi-site professional environment.

actportfolio.com/service-excellence

Workflow Training

Customer Experience Course

Workflow-based course in journey mapping, service design, and performance measurement — applicable to CSR and client-facing role onboarding.

actportfolio.com/customer-experience

All projects are portfolio prototypes demonstrating learning design, LMS architecture, and performance support expertise. | Full portfolio: actportfolio.com/my-work
