

As/of August 24, 2020

The Governor has agreed to start allowing parents in to observe classes. We will have to limit the number of spectators in our observation area. We must not exceed the current occupancy % we are allowed by the governor and also want for people to be able to social distance. We have made an "A", "B" schedule to help us achieve a safe environment for everyone. Monday August 24th we will start allowing class parents in with the following guidelines:

- 1.** **One** adult per family allowed in the building. If you have 2 or more children enrolled still only one adult is allowed in. **No siblings/ friends will be allowed in the building.**
- 2.** Mask must be worn at all times.
- 3.** Temperature must be taken upon entering.
- 4.** The Pass attached to this note must be presented to enter. **You must Check with the Office when you come for your first class to receive your A or B pass.**
- 5.** There will be an "A" week and a "B" week. You may only observe class when it is your child's week. If you have two children enrolled at the same hour in different levels with different observation weeks please only Attend One week to allow room for others on the opposite weeks.

We have a week 1 and a week 2 system for the events the children do each week in class. Because of this our "A" and "B" observation weeks will rotate like the following. A B, B A, A B, B A, this way you will have the opportunity to see your child do all four events. **Always follow the Calendar on website.**

Students will still be checked in at the door and escorted out into the gym to wait for class to start.

August 24th-28th	A week
Aug 31st-sept 4th	B week
Sept. 7th-11th	B week
Sept 14th -18th	A week
Sept 21st- 25th	A week
Sept 28th-Oct. 2nd	B week

additional weeks will be posted on Calendar on our website.

**Please respect and follow the guidelines** we have set so we will be able to continue to allow parents in to watch classes. We appreciate your patience during this crazy time. We know all the guidelines may not be convenient for everyone but at this time we must follow certain guidelines to remain open.

Thank you for allowing us to teach your child.
