

Activity report

Christmas party year 2024

But the angel said to them, “Do not be afraid. I bring you good news that will cause great joy for all the people. Today in the town of David a Savior has been born to you; he is the Messiah, the Lord. (Luke 2:10-11).

December has been a month of Christmas holiday where all our children have been spending the time with their parents and other were also taken to their relatives in cities to enjoy the season more, it's been a season of caching up between children, parents and relatives also children helping in doing house work after a busy year spent in schools.

As the scripture above, it's a season where we remember the birth of our Lord Jesus Christ who was born to redeem us and this day is celebrated differently around the world, in Uganda it's when people buy new clothes, some go for vacations and it's a day when people eat very nice food but unfortunately that most of the luxurious things done to celebrate Christmas are not done around our area of operation(Makukuba) due to their financial status to the extent that some go to the farm to work on search a day.

As Shared Love Uganda we believe that “Loved child Better growth” which drives us to extend Love to all children we have access to, we make charismas very colorful to our children by having a charismas party with them where we celebrated the birth of Jesus together, we played games, taught them bible stories about the birth of Jesus, we cut cake, we had lunch together and the best moment was the time of exchanging gift that we received from our sponsors.

Cutting cake was also part of our celebrations!!!!!!!

Us having a meal together was another
thank you our sponsors for

item that made a day more colorful,
loving us.

I am so lucky to be able to call
you family, especially at

CHRISTMAS!

Thank you so much to all sponsors for blessing the children in Makukuba as the celebrating the birth of Jesus Christ

May God richly bless you all and continue praying for all the children in Makukuba.

“Happy New Year 2025”
