

Uganda Trip Report

**"Rejoice in the Lord always, again I say rejoice."
Phillipians 4:4**

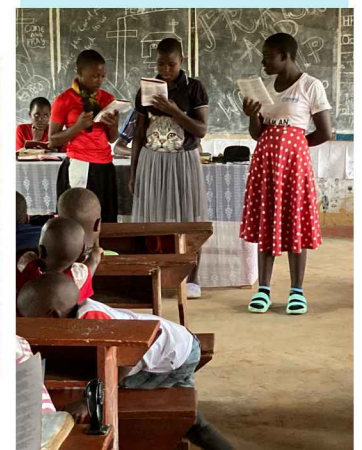

The joy we shared during our visit was heart warming and the time passed so fast. Thank you for your special part in making life better for needy children in Makukuba Village, Uganda.

SHARED LOVE UGANDA

We had WONDERFUL times in Makukuba Village, Uganda. The country has really changed since we started the work there. Most mud huts are now simple brick houses from the bricks they make and have a tin roof. We thank God for better living conditions and healthier hair and most children have shoes now! I am so happy to share with you a few pictures that show some of the work we were able to do. It was hard to say good-bye as each child gave us hugs and words of thanks. Moses and the staff send you greetings and give thanks for you and your hearts that love their children!

Marisol loved hanging out with the children. We shared a special meal with the school kids and staff and had worship together each Sunday.

The medical center has an ambulance and it has been used often to transport people in the village. Logan was so happy to be able to deliver a baby at the center. Mom and baby boy are doing well. Many women are now coming to have a safe delivery and check-ups during pregnancy.

We also had the joy of sharing in the graduation of many students from the vocational school that started in 2017. There was dancing, singing, special words from the pastor and a beautiful cake. Students completed: hair dressing, mechanics, tailoring and building. Some already have a job in this field and we are so thrilled for them. We pray God's blessing on this part of Shared Love Vocational School.

Kim loved helping grade P-7 with math and testing to graduate to Senior School.

We were also given money to purchase sports equipment and had fun shopping for balls and nets in Kampala. The joy out in the field was great to see and Logan and Marisol even played with them.
