Program Spotlight for May:

Our spotlight program for the month of May is **Corn Hole!** This fun activity takes place every **Wednesday at noon** and is always a great time for our members to come together, laugh, and enjoy a little friendly competition. Corn hole is a beanbag-style game where players aim to score points by landing their bags on the board or getting them in the hole. It is an easy game to learn, which makes it perfect for anyone to jump in and join — whether you have played before or are trying it for the first time! This group has so much fun rotating teams and playing against one another each week, and it is a great way to stay social and connected with others. Corn hole also helps with **hand-eye coordination, balance, and light movement**, making it a fun form of exercise that keeps you active while having a great time. If you are looking for a fun, easygoing activity that brings laughter, connection, and a little healthy competition, corn hole is the perfect game to try!
