

As the old year ends and the New Year begins may Love sustain us.. -

Our deepest thanks to all those near and far who have helped us to provide this sacred space for spiritual seekers. "Passing the torch" has been a very tough decision after over 18 years. We are confident that once the transition is complete, Still Point will be in dedicated hands, under a new name.

**From Still Point to you: May this 2022 season of HOLY DAYS be filled with love, peace and forgiveness for all. May our LIGHT shine!
