INDEPENDENT CURATORS INCORPORATED, NEW YORK

MAX (TORQUE) = DOUG
[(BRUNO) HAMMETT]

Re-Circulate, 1990
From the series, *Sleeping Beauty*
Mixed-media sculpture
11 x 10 x 11 inches

Re-Circulate is part of the artist's *Sleeping Beauty* series. Fairy-tale reality implies that the longed-for vaccine might be the revitalizing equivalent of a prince's kiss. The once lethal nature of the encased material suggests an artifact or curio comparable to a scorpion embedded in resin.
